EXECUTIVE SUMMARY: NIFA requests applications for the Renewable Resources Extension Act (RREA) Program for fiscal year (FY) 2015. These grants are used to assist all states in carrying out a program of extension activities designed to (1) provide educational programs that enable individuals to recognize, analyze, and resolve problems dealing with renewable resources, including forest- and range-based outdoor recreation opportunities, trees, and forests in urban areas, and trees and shrubs in shelterbelts; (2) use educational programs to disseminate the results of research on renewable resources; (3) conduct educational programs that transfer the best available technology to those involved in the management and protection of forests and rangelands and the processing and use of their associated renewable resources; (4) develop and implement educational programs that give special attention to the educational needs of small, private non-industrial forest landowners; (5) develop and implement educational programs in range and fish and wildlife management; (6) assist in providing continuing education programs for professionally trained individuals in fish and wildlife, forest, range, and watershed management and related fields; (7) help forest and range landowners in securing technical and financial assistance to bring appropriate expertise to bear on their problems; and (8) help identify areas of needed research regarding renewable resources. This RFA is being released prior to the passage of an appropriations act for FY 2015. Enactment of continuing resolutions (CR) or an appropriations act may affect the availability or level of funding for this program. Subject to any

2015 Continuing Resolution, funds will be distributed to the institutions on a quarterly basis and according to the amounts allocated in FY 2014. Adjustments will be made to the allocations for FY 2015 once the FY 2015 appropriations are finalized. The amount available for support of this program in FY 2014 was \$4,060,000. Funds are to be distributed through grants to the institutions on a quarterly basis. The specific distributions are included in Appendix A of this RFA. In FY 2015, subject to the availability of funds and the applicant having met the previous year's reporting requirements, quarterly payments will be issued.

This notice identifies the objectives for the RREA program, the eligibility criteria for projects/program and applicants, and the application forms and associated instructions needed to apply for a RREA grant.

PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

The Renewable Resources Extension Act (Pub. L. 95-306 (92 Stat. 349, 16 U.S.C. 1671 et seq.)) established the Renewable Resources Extension Act Program in 1978. This law provides the basis for Federal funding for extension activities associated with fish, wildlife, and water resources on private forest and rangelands and for renewable resource education programs at State Land-Grant Institutions established under the Morrill Act of July 2, 1862, as amended; the Hatch Act of March 2, 1887, as amended; the Morrill Act of August 30, 1890, as amended, including Tuskegee University; and other State-supported colleges and universities offering graduate training in the sciences basic to forestry and having a forestry school.

States are eligible for funds appropriated under this Act according to the respective capabilities of their private forests and rangelands for yielding renewable resources and relative needs for such resources identified in the periodic Renewable Resource Assessment provided for in Section 3 of the Forest and Rangeland Renewable Resources Planning Act of 1974 and the periodic appraisal of land and water resources provided for in Section 5 of the Soil and Water Resources Conservation Act of 1977.

Please note that the submission of this application package does not change the following:

- Delegated authorities of the State Extension Director or 1890 Extension Administrator
- How funds are managed at your institution; and
- Indirect costs and tuition remission are unallowable costs

B. Purpose

The purpose of this funding is to assist states in carrying out an extension program designed to assist forest and range landowners and managers in making resource management decisions based on research findings. Forest and rangeland resources include vegetation, water, fisheries and wildlife, soil, and recreation. A RREA Strategic Plan was established for FY 2012-2016 and the priorities listed in this plan are to be the focus of RREA expenditures by recipients.

The RREA Strategic Plan “Sustaining the Nation’s Forest & Rangeland Resources for Future Generations” is available at: www.nifa.usda.gov/business/awards/formula/renewableres.html. Printed copies of the Plan are available by contacting the Program Managers listed in Part VII of this RFA.

Guidelines for the administration of this program are published as Chapter III, Financial Operations, of the Administrative Handbook for Cooperative Extension Work, which may be accessed at www.nifa.usda.gov/business/awards/formula/manuals/coopextension.pdf. Please note that any instructions in this RFA supersede policies and procedures identified in this manual.

NIFA prepared draft guidance entitled “National Institute of Food and Agriculture (NIFA) Federal Assistance Policy Guide.” The draft guidance discusses the statutory and regulatory responsibilities of recipients of Federal funds administered by NIFA. This draft guidance compiles and updates the statutory, regulatory, policy guidance previously distributed to Capacity Grant recipients as Administrative Manuals. The draft NIFA Federal Assistance Policy Guide also addresses procedures and policies followed by NIFA in the administration of Federal assistance. In other words, the Policy Guide is a single, comprehensive guidance document applicable to NIFA grants, cooperative agreements, endowments, and other financial assistance. NIFA intends to publish a final version of the Policy Guide to reflect any public comments, as well as the requirements of the Agricultural Act of 2014 and USDA's implementation of the Office of Management and Budget “OMB Uniform Guidance: Cost Principles, Audit, and Administrative Requirements for Federal Awards”. When appropriate, NIFA will post the Policy Guide on the NIFA web site (www.nifa.usda.gov/business/managing_grant.html).

The USDA NIFA home page for RREA is:

<http://nifa.usda.gov/business/awards/formula/renewableres.html>.

Guidelines for RREA planning and reporting are published in the FY 2012-2016 RREA Planning and Reporting Guide: www.nifa.usda.gov/business/reporting/pdf/rea_2012_2016.pdf.

PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Electronic Application Package

Only electronic applications may be submitted via Grants.gov to NIFA in response to this RFA. We urge you to submit early to the Grants.gov system. For an overview of the Grants.gov application process see www.grants.gov/web/grants/applicants/grant-application-process.html.

New Users of Grants.gov

Prior to preparing an application, we recommend that the Project Director/Principal Investigator (PD/PI) first contact an Authorized Representative (AR, also referred to as Authorized Organizational Representative or AOR)¹ (see B.,1.,d. of this Part to determine if the organization is prepared to submit electronic applications through Grants.gov. If not (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), then you must complete the one-time registration process **PRIOR** to submitting an application. It can take as long as 2 weeks to complete the registration process so it is critical to begin as soon as possible. In such situations, the AR should go to **“Register” in the top right corner of the Grants.gov web page (or go to www.grants.gov/web/grants/register.html) for information on registering the institution/organization with Grants.gov.** Item 2. below mentions the “NIFA Grants.gov Application Guide.” Part II, 1. of the NIFA Grants.gov Application Guide contains additional explanatory language regarding the registration process.

Steps to Obtain Application Package Materials

To receive application materials:

1. You must download and install a version of Adobe Reader compatible with Grants.gov to access, complete, and submit applications. For basic system requirements and download instructions, see www.grants.gov/web/grants/support/technical-support/software/adobe-reader-compatibility.html. Grants.gov has a test package that will help you determination whether your current version of Adobe Reader is compatible.
2. To obtain the application package from Grants.gov, go to www.grants.gov/web/grants/applicants/apply-for-grants.html. Under Step 1 click on “Download a Grant Application Package,” and enter the funding opportunity number **USDA-NIFA-OP-004696** in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package.

The application package contains the “NIFA Grants.gov Application Guide.” This guide contains an introduction and general Grants.gov instructions, information about how to use a

¹The Authorized Representative (AR) must have the authority to represent and bind the organization for any agreement (i.e., the individual who is authorized to commit the awardee’s time and other resources to the project, to commit the awardee to comply with the terms and conditions of the award instrument including those set out herein, and to otherwise act for or on behalf of the awardee institution or organization).

D. Funding Restrictions

(1) Approved NIFA RREA Projects

RREA federal funding must be used on the strategic issues from the FY 2012-2016 RREA Strategic Plan identified in the institution’s approved 5-Year Plan of Work for FYs 2013-2017.

(2) Indirect Costs and Tuition Remission

In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. §3319), indirect costs and tuition remission are unallowable as RREA formula grant expenditures.

(3) Carryover of Funds

RREA funds are expected to be fully expended in the fiscal year of appropriation; however current policy allows 50 percent of the prior fiscal year allocation to be carried over into the next fiscal year. These carryover funds must be fully expended by September 30 of the following year (e.g. September 30, 2015 for FY 2014 funds). However, waiver requests may be considered and approved. Requests should be submitted to the Program Managers listed in Part VII of this RFA, who will provide the required format for requesting carryover of excess (>50%) funds.

Prior approval is required to carry over funds for one additional year; however, no additional carryover requests may be considered or approved, as no legislative authority to do so is provided.

E. Other Submission Requirements

You should follow the submission requirements noted in Part IV, Section 1.9 of the NIFA Grants.gov Application Guide.

For information about the **status of a submitted application**, see Part III, Section 6. of the NIFA Grants.gov Application Guide.

Administrative Guidelines

Guidelines for the administration of this program are published as Chapter III, Financial Operations, of the Administrative Handbook for Cooperative Extension Work, which may be accessed at www.nifa.usda.gov/business/awards/formula/manuals/coopextension.pdf. Please note that any instructions in this RFA supersede policies and procedures identified in this manual.

NIFA prepared draft guidance entitled “National Institute of Food and Agriculture (NIFA) Federal Assistance Policy Guide.” The draft guidance discusses the statutory and regulatory responsibilities of recipients of Federal funds administered by NIFA. This draft guidance compiles and updates the statutory, regulatory, policy guidance previously distributed to Capacity Grant recipients as Administrative Manuals. The draft NIFA Federal Assistance Policy Guide also addresses procedures and policies followed by NIFA in the administration of Federal assistance. In other words, the Policy Guide is a single, comprehensive guidance document applicable to NIFA grants, cooperative agreements, endowments, and other financial assistance. NIFA intends to publish a final version of the Policy Guide to reflect any public comments, as well as the requirements of the Agricultural Act of 2014 and USDA's implementation of the Office of Management and Budget “OMB Uniform Guidance: Cost Principles, Audit, and

Administrative Requirements for Federal Awards”. When appropriate, NIFA will post the Policy Guide on the NIFA web site (www.nifa.usda.gov/business/managing_grant.html).

Requirement for Central Contractor Registration (CCR)

Unless you are exempted from this requirement under 2 CFR 25.110, you as the recipient must maintain the currency of your information in the CCR until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

In July 2012, the System for Award Management (SAM), a new system that combines eight federal procurement systems, including the CCR and the Catalog of Federal Domestic Assistance (CFDA) into one new system, was implemented. The CCR activities are now being conducted through SAM (the CCR website will redirect users to SAM). Those organizations that need to register are to now visit <https://www.sam.gov/sam/>. Those organizations that already have a CCR registration are to visit the SAM website and should note the following:

- You’ll create a new SAM User ID and Password.
- Your CCR permissions will be verified via your email account.
- Your CCR registration information (Entity Information) will be waiting for you in SAM.

Requirement for Data Universal Numbering System (DUNS) Numbers

If you are authorized to make subawards under this award, you:

1. Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from you unless the entity has provided its DUNS number to you.
2. May not make a subaward to an entity unless the entity has provided its DUNS number to you.

Definitions - For purposes of this award term:

1. *Central Contractor Registration (CCR)* means the Federal repository into which an entity must provide information required for the conduct of a business as a recipient. The CCR activities are now being conducted through SAM (see above).
2. *Data Universal Numbering System (DUNS) number* means the nine-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be obtained from D&B by telephone (currently 866-705-5711) or the Internet (currently at <http://fedgov.dnb.com/webform>).
3. *Entity*, as it is used in this award term, means all of the following, as defined at 2 CFR part 25, subpart C:
 - a. A Governmental organization, which is a State, local government, or Indian Tribe;

- b. A foreign public entity;
- c. A domestic or foreign nonprofit organization;
- d. A domestic or foreign for-profit organization; and
- e. A Federal agency, but only as a subrecipient under an award or subaward to a non-Federal entity.

4. *Subaward:*

- a. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
- b. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, *see* Sec .210 of the attachment to OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations”).

Federal Agency Identification Number (FAIN)

A FAIN is a unique number federal agencies assign to federal financial assistance awards. NIFA assigns a FAIN to each award and includes it in block 8. of the award document (NIFA-2009). Awardees must document the assigned FAIN on each subaward under the Federal award.

D. Expected Program Outputs and Reporting Requirements

Recipients are to provide an Annual Progress Report (by fiscal year), in REEport. The progress report should include program outputs and outcomes that correspond to the RREA strategic issues included in the recipient’s Plan of Work. Significant outputs and outcomes from emergent program offerings should also be included in the Annual Progress Report.

1. Reporting

The following is a description of project data reporting requirements through the REEport system (located at <http://portal.nifa.usda.gov>) as well as the SF-425 reporting requirements:

Institutions must submit a REEport Project Initiation which includes the Project Description; Project Classification; Assurance Form; and Project Proposal through the REEport System prior to the initiation of each capacity-funded project. The project must undergo a review process and be approved before it is incorporated into the Program of Research.

Each institution shall submit a REEport Progress Report annually for each eligible project. All Progress Reports from institutions are based on the federal fiscal year and shall be submitted by March 1, 2015 for the preceding fiscal year.

A Final Report shall be submitted to NIFA through REEport for each completed or terminated project. Such reports shall be submitted at the same time as are progress reports on active projects and should include a summary of accomplishments for the entire life of the project.

A Financial Report shall be submitted to NIFA through REEport annually for all eligible projects from the preceding fiscal year. A Financial Report is also required for expenditures on all State projects that are to be included in the non-Federal funds and matching funds computation. Reports shall be made on the federal fiscal year basis.

Financial reporting via the SF-425, Federal Financial Report for FY 2015 is due to the Capacity Grants Branch, Awards Management Division, OGF, on December 31, 2015, for the period October 1, 2014, through September 30, 2015, and annually thereafter until the award is closed out.

Additional details of annual, final technical and financial reporting requirements are included on the NIFA web site at www.nifa.usda.gov/business/reporting/form_report.html. Instructions for using the REEport system are included on the NIFA web site at www.nifa.usda.gov/business/reeport_imp.html.
