EFNEP BASICS FOR NEW COORDINATORS:
THE EXPANDED FOOD AND NUTRITION EDUCATION PROGRAM (EFNEP)

Updated: July 8, 2015
ABOUT EFNEP

The Expanded Food and Nutrition Education Program (EFNEP) began in 1969, and is designed to assist limited resource audiences in acquiring the knowledge, skills, attitudes, and changed behavior necessary for nutritionally sounds diets, and to contribute to their personal development and the improvement of the total family’s nutritional well-being. EFNEP is funded by the U.S. Department of Agriculture’s (USDA), National Institute of Food and Agriculture (NIFA), through Section 3(d) of the Smith-Lever Act. It operates through the Cooperative Extension Service at the 1862 and the 1890 Land-Grant Colleges and Universities (LGUs) in every state, the six U.S. territories, and the District of Columbia. Using a research-based, interactive approach, peer educators from the communities they support reach over ½ million limited-resource families and youth each year.

LGUs hire, train, and supervise local paraprofessional staff (peer educators) to recruit and educate low-income families and low-income youth in community settings. Paraprofessionals deliver a series of hands-on, interactive lessons to program participants. Lessons are evidence-based and tailored to meet the needs of the audience. Lessons focus on the core areas of EFNEP:

- Diet Quality and Physical Activity
- Food Resource Management
- Food Safety
- Food Security

All program participants provide demographic data. In addition, adult and youth graduates complete entry and exit behavior checklists. Adult graduates also complete entry and exit diet recalls. All LGUs use the same forms which allow the data to be collected locally and analyzed nationally.

KEY GOVERNING DOCUMENTS

ANNUAL REPORTS

EFNEP COORDINATORS

Each LGU has a primary contact known as the EFNEP coordinator. This individual provides leadership and oversight for the program at his or her university. Responsibilities include (but are not limited to): hiring, training, monitoring, and developing staff; enforcing EFNEP program policies; responding to messages/requests from the National Office; completing reporting requirements (see Annual Reporting Requirements section); providing oversight over data management; and keeping university administration and stakeholders informed about the program and its impact. New EFNEP Coordinators should provide their full contact information to the National Office for inclusion in the EFNEP Coordinators Directory and the EFNEP Listservs.

At many Universities, EFNEP Coordinators provide overall direction of programming and work with other state/territory, regional, and/or local personnel to provide training, supervision, and evaluation of paraprofessional staff. In situations where others are responsible for paraprofessional supervision and evaluation, it is strongly encouraged that mechanisms are in place for EFNEP Coordinators to provide input and to ensure that program requirements and expectations are understood and met.

RESOURCES FOR EFNEP COORDINATORS

- EFNEP Webpages (see Webpages section below)
- EFNEP Listservs (see Listservs section below)

EVALUATION AND REPORTING: WEBNEERS

EFNEP has a robust evaluation and reporting system called the Web-based Nutrition Education Evaluation and Reporting System (WebNEERS). WebNEERS is a secure system designed, hosted, and maintained by Clemson University. It is accessed through the Internet and it is designed to collect quantitative data about program participants and EFNEP staff. Demographic and behavior change data is entered at the regional level, aggregated at the Institution level, and further aggregated at the National level. The system provides a variety of reports that are useful for program and personnel management purposes, provides diagnostic assessments of participant needs, and exports data for assessment of program impact. It also incorporates other reporting requirements such as the Annual Update/5-Year Plan and the Budget and Budget Justification.
ACCESSING WEBNEERS

Each EFNEP Coordinator should have a WebNEERS account and be familiar with the system and its capabilities. If you have a data manager at your university, he/she can create an account for you. If not, please contact the National Office and request an account. All Coordinators should have an Institution (university) level account. If desired, they can also have a Regional (local) level account. The difference between account types is explained in the User Manual and the Training Modules (see WebNEERS Resources section below).

- **EFNEP WebNEERS** (username and password required) - [https://webneers.net/](https://webneers.net/)

Note: There is a separate, but equivalent version of WebNEERS available for Land-Grant University SNAP-Ed programs (available - [http://snap.webneers.net/](http://snap.webneers.net/) username and password required). The SNAP-Ed version is for data collection purposes only. SNAP-Ed reporting must follow the Food and Nutrition Service’s (FNS’s) guidelines and instructions; not NIFA’s which are outlined in this document.

ACTIVATING/DEACTIVATING ACCOUNTS

Each university has one person designated as the Primary WebNEERS user. This person can activate and deactivate accounts. It is important to deactivate accounts of users who leave their positions promptly to keep data secure. If the Primary WebNEERS user leaves, please contact the National Office to have his/her account deactivated. You will also need to designate a new Primary user at that time.

WEBNEERS RESOURCES (FOR EFNEP & SNAP-ED VERSIONS OF THE SYSTEM)

  This site includes User Manual, Training Modules & Other Resources; Export File Instructions; EFNEP Budget & Budget Justification Instructions; EFNEP Annual Update/5-Year Plan Instructions; End of Year & Starting New Reporting Period Instructions.
- **Sample Forms**
  - **Adults** (see Evaluation Group: WebNEERS) - [https://www2.ag.purdue.edu/programs/hhs/efnep/Pages/Resource-Evaluation-Adult.aspx](https://www2.ag.purdue.edu/programs/hhs/efnep/Pages/Resource-Evaluation-Adult.aspx)
  - **Youth** (see Evaluation Groups: WebNEERS, Youth 3-5 Documents, Youth 6-8 Documents, Youth 9-12 Documents, and Youth K-2 Documents) - [https://www2.ag.purdue.edu/programs/hhs/efnep/Pages/Resource-Evaluation.aspx](https://www2.ag.purdue.edu/programs/hhs/efnep/Pages/Resource-Evaluation.aspx)
- **Institutional Review Board (IRB) Toolkit** - [https://www2.ag.purdue.edu/programs/hhs/efnep/Pages/Resource-Research.aspx](https://www2.ag.purdue.edu/programs/hhs/efnep/Pages/Resource-Research.aspx)

**The forms referenced above are samples. Universities may design their own forms as long as they accurately capture all required information.**
The National Office for the Expanded Food and Nutrition Education Program (EFNEP) is part of the Institute of Food Safety and Nutrition (IFSN) at the National Institute of Food and Agriculture (NIFA). The National Office provides oversight and leadership for EFNEP. There is a strong commitment to the Federal/State/Territory partnership. Partnerships at the Federal Level as well as those at the State/Territory and Local level are essential for effective nutrition education and for Extension programming. The National Office team is available to assist EFNEP Coordinators with programmatic, technological, policy and other EFNEP related questions and concerns.

- **National Program Leader**, Helen Chipman – hchipman@nifa.usda.gov, 202-720-8067
- **Program Coordinator**, Stephanie Blake – sblake@nifa.usda.gov, 202-720-6079
- **Program Specialist**, Marly Diallo – mdiallo@nifa.usda.gov, 202-401-0293
- **Program Assistant**, Sharon Porter – sporter@nifa.usda.gov, 202-401-2390

The Institute of Food Safety and Nutrition (IFSN) is one of the National Institute of Food and Agriculture’s (NIFA’s) four programmatic institutes. EFNEP’s National Office is found within NIFA’s IFSN. There are many collaborative relationships, such as the one between IFSN and the Institute of Youth, Family and Community (IYFC), which are not captured through the organizational chart.

Figure 1: NIFA Organizational Chart
The National Institute of Food and Agriculture (NIFA) is one of five agencies under the Under Secretary for Research, Education, and Economics (REE). REE is a mission area of the United States Department of Agriculture (USDA). As mentioned above, there are many collaborative relationships, such as the one between NIFA and the Food and Nutrition Service (FNS), which are not captured through the organizational charts. FNS is under a different USDA mission area, but is an important partner as it administers the Supplemental Nutrition Education Program Education (SNAP-Ed), a closely related Federal program conducted by many LGUs.

Figure 2: USDA Organizational Chart
All 1862 and 1890 Land-Grant Colleges and Universities (LGUs) across the United States, in the six U.S. territories and in the District of Columbia, receive EFNEP funding. There are 76 total. These universities are divided into regions as well as funding tiers for communication, program planning, and reporting purposes. Universities can be excellent resources for one another, so as you are getting started, we encourage you to be actively involved in regional calls and other communications, as well as to identify a mentor of a similar situation.

### 1862 AND 1890 LGUS

FUNDING TIERS

Funding tiers are based on the total Federal Allocation amount your University receives from NIFA for the Federal Fiscal year. NIFA prepares a Tier Data report each year which allows you to compare your results with other universities with similar funding levels. The Tier Data report is sent out over the listserv. You can find your university’s funding level by checking Appendix A of the Capacity Request for Application (RFA).

- **Tier 1** – $2.5 million to $4.4 million
- **Tier 2** – $1.8 million to $2.5 million
- **Tier 3** – $1.2 million to $1.8 million
- **Tier 4** – $900 thousand to $1.2 million
- **Tier 5** – $450 thousand to $900 thousand
- **Tier 6** – $250 thousand to $450 thousand
- **Tier 7** – $100 thousand to $250 thousand
ANNUAL REPORTING REQUIREMENTS

EFNEP has several reporting requirements that universities are responsible for each year. These reporting requirements must be completed in order to receive federal funds. The chart below provides an overview and the sections that follow provide detailed explanations of the requirements. This information is also available on the EFNEP Reporting Requirements webpage - http://nifa.usda.gov/efnep-reporting-requirements

<table>

</tr>
</tbody>
</table>

*Actual due dates vary from year to year. Due dates are not available until the Federal budget is approved and the final EFNEP allocation amounts for each university are calculated. They are announced over the listservs.

CAPACITY REQUEST FOR APPLICATION (RFA)

The Capacity Request for Application (RFA) is the application each LGU must submit to receive its EFNEP funding allocation. The application package includes two standard forms – the SF424 R&R (Research & Related) and the NIFA Supplemental Information Form. Instructions for completing these forms are included with the application package. Notifications regarding the release date and the deadline are sent over the listservs. The RFA is typically completed by someone in the University’s fiscal office. The EFNEP Coordinator is encouraged to determine who that person is so he/she can have an open line of communication regarding the application and the submission process. **NIFA will not release your Federal EFNEP funds until your university’s Capacity RFA is approved.**
CAPACITY RFA SPECIFICS

- **Deadline**: Due 30 days after the RFA is posted to Grants.gov (due date varies each year)
- **Submitted Through**: Grants.gov - [www.grants.gov](http://www.grants.gov)
- **Instructions and Additional Information**: The RFA which includes the instructions is posted to EFNEP’s webpage when available - [http://nifa.usda.gov/program/expanded-food-and-nutrition-education-program-efnep](http://nifa.usda.gov/program/expanded-food-and-nutrition-education-program-efnep)

*Grantees who have not received funding 7-10 days after receiving their official award notification should send an email to NIFA’s Financial Operation Division (FOD) via email ASAPCustomerService@nifa.usda.gov email box.*

ANNUAL UPDATE/5-YEAR PLAN

The Annual Update/5-Year Plan is the program plan each LGU must write and submit for approval. Each year either an Annual Update OR a 5-Year Plan is due; not both. The Annual Update and the 5-Year Plan require narrative information and data related the situation, input, outputs, program priorities, outreach in environmental settings, outreach in sectors of influence, and program impacts. The 5-Year Plan projects what universities seek to accomplish with EFNEP over the next 5-Years; the Annual Update updates that information/data and reports progress. The 5-Year Plan is due once every 5 years (FY2016, FY2021, etc.), the Annual Update is due the other four years. The Annual Update is reviewed for accuracy and completeness; the 5-Year Plan undergoes a formal Federal Review. **NIFA will not release your Federal EFNEP funds until your university’s Annual Update/5-Year Plan is approved.**

ANNUAL UPDATE SPECIFICS

- **Deadline**: (only one or the other is due each year, see above)
  - Annual Update: November 1<sup>st</sup>
  - 5-Year Plan: July 1<sup>st</sup>
- **Submitted Through**: WebNEERS - [www.webneers.net](http://www.webneers.net)
The Budget and Budget Justification are the spreadsheet and the narrative description of Federal budget expenses each LGU must prepare and submit for approval. The Budget and Budget Justification are typically collected twice per year – once at the beginning of the Federal Fiscal Year and once after the Federal budget is approved and institution allocation amounts are published. The former is called a “Preliminary” submission. For the Preliminary submission, LGUs use the prior year’s allocation amount to prepare their budget for the upcoming year. At this point, the final figures are unknown so the budget is considered a draft. The latter is called a “Final” submission. For the Final submission, LGUs use their actual allocation amount to prepare their budget. At this point, LGUs know how much money they will receive for the year and the budget request is considered final. Preliminary and Final Budgets must be signed by the Extension Director or Extension Administrator and must adhere to program policy and guidance. **NIFA will not release your Federal EFNEP funds until your university’s Budget and Budget Justification are approved.**

**BUDGET & JUSTIFICATION SPECIFICS**

- **Deadline:** (both are due each year)
  - Preliminary: November 1st (Annual Update years) or July 1st (5-Year Plan years)
  - Final: 45 days after the final institution allocation amounts are published (actual due date varies each year)

- **Submitted Through:** WebNEERS - [www.webneers.net](http://www.webneers.net)

**WEBNEERS (YEAR-END) DATA**

WebNEERS (Year-End) data is the annual data submitted through EFNEP’s online evaluation and reporting system. It is the aggregation of the adult, youth group, and staff data; adult behavior checklist data; adult diet recall data; and youth checklist data that staff input into WebNEERS throughout the year. WebNEERS Data demonstrates the program reach and the impact of each LGU and it is carefully reviewed at the National Level. **NIFA will not release your Federal EFNEP funds until your university’s WebNEERS data submission is accurate and complete; approval may come later.**

**WEBNEERS DATA SPECIFICS**

- **Deadline:** November 1st
- **Submitted Through:** WebNEERS - [www.webneers.net](http://www.webneers.net)
COMMUNICATION

WEBPAGES

- NIFA’s EFNEP Webpage – www.nifa.usda.gov/efnep
  NIFA’s EFNEP webpage is the main webpage for information related to EFNEP. This is where the National Office posts key information and resources.

  NIFA’s WebNEERS webpage is the informational page for the WebNEERS. This is where you can find user manuals, training modules, and links to the software system.

- EFNEP.org – www.efnep.org
  EFNEP.org is the secondary webpage for information related to EFNEP. This is where universities post information to share with one another. You can find coordinator contact information, sample evaluation forms, presentations from the National Conference, and other resources on this site.

LISTSERVS

Listservs are email mailing lists managed by NIFA. As a member of the listservs you can send and receive messages. To post a message to the listserv, simply type the listserv’s email address in the ‘To:’ line of your message and click send. Your message will be delivered to everyone who is part of the listserv. It will be marked with the name of the listserv (“[efnepcoord]”, for example) in the subject line to show that it was sent via the listserv.

To join the General or the Regional listservs or to remove someone who is no longer in his/her position, contact the National Office. Please note: NIFA will not add or remove listserv members without approval from the EFNEP Coordinator or his/her superior.

GENERAL LISTSERVS

General listservs include at least one person from each 1862 and each 1890 university. The National Office uses these listservs to share critical information (e.g., reporting requirements, budget updates, software issues, etc.). Universities use these listservs to share information with one another and to collect information. Every EFNEP Coordinator should be on the General Listservs.

- EFNEP Coordinators - efnepcoord@lyris.nifa.usda.gov
- WebNEERS - neers5@lyris.nifa.usda.gov
REGIONAL LISTSERVS

Regional listservs include at least one person from each university in the region. Coordinators from 1890 Universities are on the 1890 Coordinator listserv as well as the listserv for their geographical region. Universities use these lists to share information relevant to their region (e.g., regional calls) and to collect information from one another. On occasion, the National Office uses these listservs to send region-specific messages. Every EFNEP Coordinator should be on the Regional Listserv for the region that he/she is part of. If you are unsure which region you are part of, see the Cooperative Extension Region Maps.

- 1890 Coordinators - 1890efnep-coord@lyris.nifa.usda.gov
- North Central Region Coordinators - ncefepcoord@lyris.nifa.usda.gov
- North Eastern Region Coordinators - neefnepcoord@lyris.nifa.usda.gov
- Southern Region Coordinators - sefnepcoord@lyris.nifa.usda.gov
- Western Region Coordinators - wefnepcoord@lyris.nifa.usda.gov

OTHER LINKS AND IMPORTANT INFORMATION

NATIONAL EVENTS

- National EFNEP Conference – The National EFNEP Conference brings together EFNEP staff from all states, the six U.S. territories and the District of Columbia to discuss opportunities and challenges related to EFNEP. It is typically held each year in February or March in Washington, D.C. The EFNEP Coordinator or his/her designee is expected to attend. This is a requirement per the Capacity RFA. Information on the National Conference is posted on our NIFA EFNEP webpage - www.nifa.usda.gov/efnep, under “Related Events” (very bottom of the page) as soon as it is available. It is also announced over the listservs.

- Conference Calls, Trainings, and Webinars – The National Office periodically hosts conference calls, trainings, and webinars. All LGU Coordinators and/or other designated persons are expected to attend, if required. Information is typically sent over the listservs.

WAYS TO GET INVOLVED

- Committees - EFNEP committees are great ways to collaborate with other universities on National and Regional initiatives. Some committees are short-term and others are long-term. Lists of committees and current chairs can be found on our NIFA EFNEP webpage - www.nifa.usda.gov/efnep, in the “Partnerships” section (www.nifa.usda.gov/efnep).
• **Regional Calls** - Regional calls are organized by the EFNEP Coordinators and are an important way to connect with and learn from other universities in your region. Some regions connect monthly, others quarterly. Calls are announced via the Regional Listservs and all EFNEP Coordinators are encouraged to actively participate. Contact the National Office if you are unsure how to get connected.

**ACKNOWLEDGING FEDERAL FUNDS**

Proper acknowledgement of your public funding in published articles, manuscripts, dissertations, posters, presentations, press releases, and materials is critical for the success of the agency’s programs. Please follow the guidelines posted at [http://nifa.usda.gov/acknowledgment-usda-support-nifa](http://nifa.usda.gov/acknowledgment-usda-support-nifa) to properly acknowledging NIFA’s support for EFNEP. Please use the language for capacity grants.

- **Project type** = EFNEP or the Expanded Food and Nutrition Education Program
- **Accession number** = not applicable, this part of the statement can be omitted

**RETENTION OF RECORDS**

EFNEP Coordinators should consult with their universities to determine the appropriate retention period for records. The NIFA Federal Assistance Policy Guide indicate a three year requirement for “financial and programmatic records, supporting documents, statistical records, and all other records pertinent to an award” (see p. 119 of the Policy Guide - [http://nifa.usda.gov/resource/nifa-federal-assistance-policy-guide](http://nifa.usda.gov/resource/nifa-federal-assistance-policy-guide))

The Federal retention requirement is long enough for a Federal audit the funding recipients, but the three-year retention does not take into consideration the retention requirements of the funding recipients’ university. If the university retention period is longer than three years, Coordinators should follow that retention schedule instead.

Records may be retained electronically or as paper copies*. Any records which include personally identifiable information must be stored and destroyed securely.

*For WebNEERS (year-end) data, after the data is transferred from the paper form into WebNEERS, is verified as fully accurate and complete, and is confirmed as accessible at a later date, the paper forms are no longer needed; the electronic version with the system becomes your record. Please keep in mind that you may or may not be able to access data you entered into the legacy system - NEERSS due to software compatibility issues, so you may need to hang on to older records.
