EXECUTIVE SUMMARY: NIFA requests applications for the Renewable Resources Extension Act (RREA) Program for fiscal year (FY) 2016 to assist all states in carrying out a program of extension activities designed to (1) provide educational programs that enable individuals to recognize, analyze, and resolve problems dealing with renewable resources, including forest- and range-based outdoor recreation opportunities, trees, and forests in urban areas, and trees and shrubs in shelterbelts; (2) use educational programs to disseminate the results of research on renewable resources; (3) conduct educational programs that transfer the best available technology to those involved in the management and protection of forests and rangelands and the processing and use of their associated renewable resources; (4) develop and implement educational programs that give special attention to the educational needs of small, private non-industrial forest landowners; (5) develop and implement educational programs in range and fish and wildlife management; (6) assist in providing continuing education programs for professionally trained individuals in fish and wildlife, forest, range, and watershed management and related fields; (7) help forest and range landowners in securing technical and financial assistance to bring appropriate expertise to bear on their problems; and (8) help identify areas of needed research regarding renewable resources.

This RFA is being released prior to the passage of an appropriations act for FY 2016. Enactment of continuing resolutions (CR) or an appropriations act may affect the availability or level of funding for this program. Subject to any 2016 Continuing Resolution, funds will be distributed to the institutions on a quarterly basis and according to the amounts allocated in FY 2015.

Adjustments will be made to the allocations for FY 2016 once the FY 2016 appropriations are finalized. The amount available for support of this program in FY 2015 was \$4,060,000. Funds are to be distributed through grants to the institutions on a quarterly basis. The specific distributions are included in Appendix A of this RFA. In FY 2016, subject to the availability of funds and the applicant having met the previous year's reporting requirements, quarterly payments will be issued.

This notice identifies the objectives for the RREA project/program, the eligibility criteria for projects/program and applicants, and the application forms and associated instructions needed to apply for a RREA grant.

PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

The Renewable Resources Extension Act (Pub. L. 95-306 (92 Stat. 349, 16 U.S.C. 1671 et seq.) established the Renewable Resources Extension Act Program in 1978. This law provides the basis for Federal funding for extension activities associated with fish, wildlife, and water resources on private forest and rangelands and for renewable resource education programs at State Land-Grant Institutions established under the Morrill Act of July 2, 1862, as amended; the Hatch Act of March 2, 1887, as amended; the Morrill Act of August 30, 1890, as amended, including Tuskegee University; and other State-supported colleges and universities offering graduate training in the sciences basic to forestry and having a forestry school.

States are eligible for funds appropriated under this Act according to the respective capabilities of their private forests and rangelands for yielding renewable resources and relative needs for such resources identified in the periodic Renewable Resource Assessment provided for in Section 3 of the Forest and Rangeland Renewable Resources Planning Act of 1974 and the periodic appraisal of land and water resources provided for in Section 5 of the Soil and Water Resources Conservation Act of 1977.

Please note that the submission of this application package does not change the following:

- Delegated authorities of the State Extension Director or 1890 Extension Administrator
- How funds are managed at your institution; and
- Indirect costs and tuition remission are unallowable costs.

B. Purpose

The purpose of this funding is to assist states in carrying out an extension program designed to assist forest and range landowners and managers in making resource management decisions based on research findings. Forest and rangeland resources include vegetation, water, fisheries and wildlife, soil, and recreation. A RREA Strategic Plan was established for FY 2012-2016 and the priorities listed in this plan are to be the focus of RREA expenditures by recipients.

The RREA Strategic Plan “Sustaining the Nation’s Forest & Rangeland Resources for Future Generations” is available at: <http://nifa.usda.gov/resource/fy-2012-2016-rrea-strategic-plan>. Printed copies of the Plan are available by contacting the Program Managers listed in Part VII of this RFA. The USDA NIFA home page for RREA is: <http://nifa.usda.gov/program/renewable-resources-extension-act-capacity-grant>.

PART II—AWARD INFORMATION

A. Available Funding

Subject to any 2016 Continuing Resolution, funds will be distributed to the institutions on a quarterly basis and according to the amounts allocated in FY 2015. Adjustments will be made to the allocations for FY 2016 once the FY 2016 appropriations are finalized. The amount available for support of this program in FY 2015 was \$4,060,000.

PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Electronic Application Package

Only electronic applications may be submitted via Grants.gov to NIFA in response to this RFA. We urge you to submit early to the Grants.gov system. For an overview of the Grants.gov application process see <http://www.grants.gov/web/grants/applicants/grant-application-process.html>.

New Users of Grants.gov

Prior to preparing an application, we recommend that the Project Director/Principal Investigator (PD/PI) first contact an Authorized Representative (AR, also referred to as Authorized Organizational Representative or AOR)¹ (see B.,1.,d. of this Part to determine if the organization is prepared to submit electronic applications through Grants.gov. If not (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), then you must complete the one-time registration process PRIOR to submitting an application. It can take as long as 2 weeks to complete the registration process so it is critical to begin as soon as possible. In such situations, the AR should go to **“Register” in the top right corner of the Grants.gov web page (or go to <http://www.grants.gov/web/grants/register.html>) for information on registering the institution/organization with Grants.gov.** Item 2. below mentions the “NIFA Grants.gov Application Guide.” Part II., 1. of the NIFA Grants.gov Application Guide contains additional explanatory language regarding the registration process.

Steps to Obtain Application Package Materials

1. You must download and install a version of Adobe Reader compatible with Grants.gov to access, complete, and submit applications. For basic system requirements and download instructions, see <http://www.grants.gov/web/grants/support/technical-support/software/adobe-reader-compatibility.html>. Grants.gov has a test package that will help you determination whether your current version of Adobe Reader is compatible.
2. To obtain the application package from Grants.gov, go to <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>. Under Step 1 click on “Download a Grant Application Package,” and enter the funding opportunity number **USDA-NIFA-OP-005317** in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package.

The application package contains the “NIFA Grants.gov Application Guide.” This guide contains an introduction and general Grants.gov instructions, information about how to use a

D. Funding Restrictions

(1) Approved NIFA RREA Projects

RREA federal funding must be used on the strategic issues from the FY 2012-2016 RREA Strategic Plan identified in the institution's approved 5-Year Plan of Work for FYs 2012-2016.

(2) Indirect Costs and Tuition Remission

In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. §3319), indirect costs and tuition remission are unallowable as RREA capacity grant expenditures.

(3) Carryover of Funds

RREA funds are expected to be fully expended in the fiscal year of appropriation; however current policy allows 50 percent of the prior fiscal year allocation to be carried over into the next fiscal year. These carryover funds must be fully expended by September 30 of the following year (e.g. September 30, 2017 for FY 2016 funds). However, waiver requests may be considered and approved. Requests should be submitted to the Program Managers listed in Part VII of this RFA, who will provide the required format for requesting carryover of excess (>50%) funds.

Prior approval is required to carry over excess funds for one additional year; however, no additional carryover requests may be considered or approved, as no legislative authority to do so is provided.

E. Other Submission Requirements

You should follow the submission requirements noted in Part IV, Section 1.9 of the NIFA Grants.gov Application Guide.

For information about the **status of a submitted application**, see Part III, Section 6. of the NIFA Grants.gov Application Guide.

Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM) - each applicant (unless excepted under 2 CFR § 25.110(b) or (c), or has an exception approved by the Federal awarding agency under 2 CFR § 25.110(d)) is required to: (i) Be registered in SAM before submitting its application; (ii) provide a valid DUNS number in its application; and (iii) continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency. It also must state that the Federal awarding agency may not make a Federal award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements and, if an applicant has not fully complied with the requirements by the time the Federal awarding agency is ready to make a Federal award, the Federal awarding agency may determine that the applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another applicant.

PART V—APPLICATION REVIEW REQUIREMENTS

A. General

NIFA will review submitted documents to determine if all program, financial, and administrative requirements have been met and are current.

B. Organizational Management Information

Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis. This requirement is part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. We will provide you forms for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information).

PART VI—AWARD ADMINISTRATION

A. General

Within the limit of funds available for such purpose, the NIFA awarding official shall make grants to those responsible, eligible applicants.

B. Award Notice

The notice of Federal award (Form NIFA-2009) is the authorizing document. The award document contains award provisions and other pertinent information. See <http://nifa.usda.gov/wait-notification> for further details.

C. Administrative and National Policy Requirements

Several federal statutes and regulations apply to grant applications considered for review and to project grants awarded under this program. These may include, but are not limited to, the ones listed on the NIFA web page - <http://nifa.usda.gov/federal-regulations>.

NIFA Federal Assistance Policy Guide—a compendium of basic NIFA policies and procedures that apply to all NIFA awards, unless there are statutory, regulatory, or award-specific requirements to the contrary is available at <http://nifa.usda.gov/policy-guide>.

D. Expected Program Outputs and Reporting Requirements

Recipients are to provide an Annual Progress Report (by fiscal year), in REEport. The progress report should include program outputs and outcomes that correspond to the RREA strategic issues included in the recipient's REEport project. Significant outputs and outcomes from emergent program offerings should also be included in the Annual Progress Report.

The following is a description of project data reporting requirements through the REEport system (located at <http://portal.nifa.usda.gov>) as well as the SF-425 reporting requirements:

Institutions must submit a REEport Project Initiation which includes the Project Description; Project Classification; Assurance Form; and Project Proposal through the REEport System prior to the initiation of each capacity-funded project. The project must undergo a review process and be approved.

Each institution shall submit a REEport Progress Report annually for each eligible project. All Progress Reports from institutions are based on the federal fiscal year and shall be submitted by March 1, 2016 for the preceding fiscal year.

A Final Report shall be submitted to NIFA through REEport for each completed or terminated project. Such reports shall be submitted at the same time as are progress reports on active projects and should include a summary of accomplishments for the entire life of the project.

A Financial Report shall be submitted to NIFA through REEport annually for all eligible projects from the preceding fiscal year. A Financial Report is also required for expenditures on all State projects that are to be included in the non-Federal funds and matching funds computation. Reports shall be made on the federal fiscal year basis.

Financial reporting via the SF-425, Federal Financial Report for FY 2016 is due to the Capacity Grants Branch, Awards Management Division, OGF, on December 31, 2016, for the period October 1, 2015, through September 30, 2016, and annually thereafter until the award is closed out.

See <http://nifa.usda.gov/program/renewable-resources-extension-act-capacity-grant> for additional details of annual, final technical and financial reporting requirements. Instructions for using the REEport system are included on the NIFA web site at: <http://nifa.usda.gov/reepport-resources-land-grant-partners>.
