

## Data Gateway: Financial Based Search Highlights

The Financial Details section contains Project Financial Report data, including weighted expenditure and award amounts when Project Classifications (KA, SOI, FOS, %) is selected.

What does this warning mean?

### WARNING!

- Project Financial Reports for the previous Fiscal Year are still being collected. Report data may be incomplete and subject to change.
- Project Financial Reports for Competitive Projects were not collected for Fiscal Years 2010-2014.
- Newly submitted Project Financial Reports will be available the following business day.

NIFA plans to begin reporting “Expenditures” reported by recipient organizations in the future for all projects. This allows us to compare and sum competitive, non-competitive, and capacity infrastructure grant funding, using the same information reported by organizations receiving NIFA funding on the REEport Financial Report each year.

Why use the Financial Details Search?

This is the only search that allows you to **export** any of the data elements or fields, reported on the REEport Financial Report.

What are the data elements used to search?

The screenshot shows the 'Financial Details Search' interface. At the top, there are four tabs: 'Project Details', 'Financial Details', 'Advanced Search', and 'Annual Reports on Planned Programs'. The 'Financial Details' tab is active. Below the tabs is a search bar labeled 'Search these terms...' containing the text '"Mechanical Engineering"'. A red arrow points from a text box on the right to this search bar. The text box contains the instruction: 'Enter your Accession, Award, Multistate, or Project Number; Project Director, or Department to search for in the terms search'. Below the search bar is a section labeled 'Search in these fields...' which is circled in red. It contains several checkboxes: 'Accession Number' (checked), 'Award Number' (unchecked), 'Department' (checked), 'Multistate Project Number' (unchecked), 'Program Code' (checked), 'Project Director' (checked), and 'Project Number' (checked). A red arrow points from a text box on the right to the 'Award Number' checkbox. The text box contains the instruction: 'Note that Multistate and Award Numbers are not default'. Below the 'Search in these fields...' section is a section labeled 'Show these fields in the results...'. At the bottom, there are 'Filters:' with two selected filters: 'National Institute of Food and Agriculture X' and 'UNIVERSITY OF TEXAS AT SAN ANTONIO X'. Below the filters, it says 'Expected Results: 5 Financial Records'. At the bottom right, there are 'Search' and 'Reset' buttons.

How do you choose which funding source to display for each project using the “Show these fields in the results” drop down box:

**Financial Details Search** ?
