**SCIENCE DRIVING NUTRITION POLICY for MAXIMUM IMPACT for AMERICANS**
Adherence to the **2010 Dietary Guidelines**
Measured by Average Total Healthy Eating Index-2010 (HEI-2010) Scores of the U.S. Population Ages 2 Years and Older (Figure I-1)

Data Source: Analyses of What We Eat in America, National Health and Nutrition Examination Survey (NHANES) data from 1999-2000 through 2009-2010.

Note: HEI-2010 total scores are out of 100 possible points. A score of 100 indicates that recommendations on average were met or exceeded. A higher total score indicates a higher quality diet.
Adherence to the 2010 Dietary Guidelines
Measured by Average Total Healthy Eating Index-2010 (HEI-2010) Scores of the U.S. Population Across Age Groups

Data Source: Analyses of What We Eat in America, National Health and Nutrition Examination Survey (NHANES) data from 1999-2000 through 2009-2010.

Note: HEI-2010 total scores are out of 100 possible points. A score of 100 indicates that recommendations on average were met or exceeded. A higher total score indicates a higher quality diet.
Current Eating Patterns in the United States

Percent of the U.S. Population Ages 1 Year and Older Who are Below, At, or Above Each Dietary Goal or Limit (Figure 2-1)

Note: The center (0) line is the goal or limit. For most, those represented by the blue sections of the bars, shifting toward the center line will improve their eating pattern.

Data Source: What We Eat in America, NHANES 2007-2010 for average intakes by age-sex group. Healthy U.S.-Style Food Patterns, which vary based on age, sex, and activity level, for recommended intakes and limits.
2015-2020
DIETARY GUIDELINES FOR AMERICANS
Guidelines & Key Recommendations
Dietary Guidelines Advisory Committee reviewed science and produced advisory report.

Public submitted comments on advisory report.

HHS/USDA drafted policy document.

HHS/USDA released the Dietary Guidelines for Americans policy document.

CNPP translates policy into programs and materials to help Americans implement the Guidelines.
2015-2020
DIETARY GUIDELINES FOR AMERICANS

Follow a healthy eating pattern across the lifespan

Focus on variety, nutrient density, and amount

Limit calories from added sugars and saturated fats and reduce sodium intake

Shift to healthier food and beverage choices

Support healthy eating patterns for all
KEY RECOMMENDATIONS

A Healthy Eating Pattern

Consume a healthy eating pattern that accounts for all food and beverages within an appropriate calorie level.

- A healthy eating pattern includes:
  - A variety of **VEGETABLES** from all of the subgroups—dark green, red and orange, legumes (beans and peas), starchy, and other
  - **FRUITS**, especially whole fruits
  - **GRAINS**, at least half of which are whole grains
  - **Fat-free or low-fat DAIRY**, including milk, yogurt, cheese, and/or fortified soy beverages
  - A variety of **PROTEIN** foods, including seafood, lean meats and poultry, eggs, legumes (beans and peas), and nuts, seeds, and soy products
  - **OILS**

- A healthy eating pattern limits:
  - Saturated and **trans** fats, added sugars, and sodium
Quantitative recommendations are provided for components of the diet that should be limited. These components are of particular public health concern, and the specified limits can help individuals achieve healthy eating patterns within calorie limits:

- Consume less than 10% of calories per day from **ADDED SUGARS**
- Consume less than 10% of calories per day from **SATURATED FATS**
- Consume less than 2,300 mg per day of **SODIUM**
- If alcohol is consumed, it should be consumed in moderation — up to one drink per day for women and up to two drinks per day for men — and only by adults of legal drinking age
In addition to diet, physical activity is important to promote health and reduce the risk of chronic disease. Diet and physical activity are the two parts of the calorie balance equation to help manage body weight. To help individuals maintain and achieve a healthy body weight, the Dietary Guidelines includes a key recommendation to:

MEET THE PHYSICAL ACTIVITY GUIDELINES FOR AMERICANS

1 in 2 Americans recognize the MyPlate symbol

GROWING AWARENESS

USDA CNPP CONSUMER SURVEY, 2015
PEOPLE CARE ABOUT EATING HEALTHY

91% of consumers think about the healthfulness of foods and beverages they consume

2015 FOOD & HEALTH SURVEY
IFIC FOUNDATION
80% of dietitians say that small changes resonate with consumers and help them achieve their dietary goals.

2015 What’s Trending in Nutrition Survey
Pollock Communications & Today’s Dietitian
Consumers cite support from family and friends as the #1 tool they’ve used for healthy eating.

2015 FOOD & HEALTH SURVEY
IFIC FOUNDATION
Consumers are now more interested in lasting changes and lifelong healthy eating than crash dieting.
Introducing...

MyPlate, MyWins
Healthy Eating Solutions for Everyday Life
ChooseMyPlate.gov/MyWins
Objective: Help consumers eat healthy eating patterns

Audience: Families with young children at home

Goals: Knowledge: Increase awareness and how to use MyPlate

Attitudes: Provide solutions to barriers

Behavior: Make better food and beverage decisions
Helping consumers develop their own “healthy eating style” with the support of MyPlate
WHAT IS A “MyWin”? 

- Healthy eating solutions for everyday life
- Make small changes - they all add up!
- MyPlate can help consumers find solutions that work for them
- Celebrate successes
INSPIRING CONSUMERS TO “WIN”

**Empowers** families and individuals to help one another

Emphasizes social support, **inspirational** content, and personalized tools for success

New campaign resources to help consumers find their “wins,” including:

- **Testimonial** videos with real families
- Healthy eating **tips**
- Interactive **challenges**
- MyPlate educational materials and **tools**
- Opportunities to **share successes** with others

MyPlate, MyState CAMPAIGN

What foods are your state or territory known for?

Foods and flavors from every state and territory in this nation can help us all create lasting healthy eating styles. We can enjoy MyPlate’s building blocks for healthy eating in a great place to start.

If it’s on MyPlate and it’s from your state, show your pride! Here are two opportunities:

- Healthy Lunchtime Challenge and Kix’s “State Dinner” with First Lady Michelle Obama, deadline April 4 (more state-specific food info coming soon). Whether it’s food grown in your state, a dish your state is known for, or something you’ve grown in your backyard, include your hometown story about your recipe.

- Coming soon: What does MyPlate look like in your state? Organizations and people nationwide are invited to create a state-specific MyPlate featuring foods and flavors your state is known for.
Find Your Healthy Eating Style & Maintain It for a Lifetime

Start with small changes to make healthier choices you can enjoy.

Make half your plate fruits and vegetables. Focus on whole fruits.
- Choose whole fruits, beans, peas, lentils, or canned in 100% juice.
- Choose 2 cups or less of juice, or ½ cup or less of dried fruit.
- Add beans as a side dish or in soups, stews, or salads.

Make half your plate whole grains.
- Look for whole grains listed first or second on the ingredients list. Try cornbread, popovers, whole-grain bread, brown rice.
- Giant, corn, rice, and pasta, such as whole-grain rice, quinoa, and farro.

Make half your plate fruits and vegetables. Focus on whole veggies.
- Try adding fresh, frozen, or canned vegetables to soups, stews, and main dishes.
- Choose a variety of colorful veggies served in salads, soups, stews, stir-fries, or omelets.

Limit sweets, alcohol, and saturated fats.
- Keep your thumb rule for cakes, pies, and desserts
- Read the Nutrition Facts label to learn more about sugars and fats

MyWins

Everything you eat and drink matters.
The right mix can help you be healthier now and into the future. Find your MyWins.

Visit ChooseMyPlate.gov to learn more.

USDA is an equal opportunity provider and employer.
MyPlate, MyWins: Make it yours

Find your healthy eating style. Everything you eat and drink over time matters and can help you be healthier now and in the future.

- Move to low-fat or fat-free milk or yogurt.
- Make half your grains whole grains.
- Vary your protein routine.
- Focus on whole fruits.
- Vary your veggies.

Limit the extras.
Drink and eat beverages and food with less sodium, saturated fat, and added sugars.

Create 'MyWins' that fit your healthy eating style.
Start with small changes that you can enjoy, like having an extra piece of fruit today.

ChooseMyPlate.gov
The campaign invites the public to share their MyWins on social media.
