

Program of Research

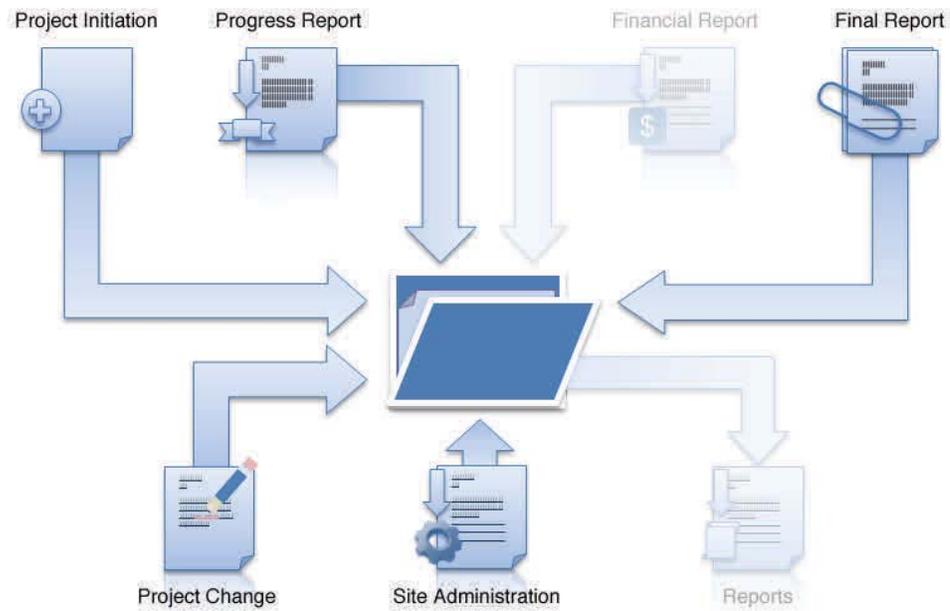

The Program of Research (POR) process is a means to provide updated documentation to NIFA program managers regarding all of your institution's active Animal Health and/or McIntire-Stennis projects for the upcoming fiscal year, and is a requirement in order to receive continued funding for these programs from NIFA. **The POR module is accessible only by REEport Site Administrators for your institution.** Below are instructions on how to access and complete the POR in REEport.

Key elements of the POR:

1. **Active Projects** - Provides a listing for your review of all active projects for these two programs.
2. **Pending Projects** - Provides a listing for your review of any projects that are still pending approval by NIFA, allowing you the opportunity to follow up regarding review and approval if you would like them to be included on the POR for the upcoming fiscal year.
3. **Ending Projects** – Provides a listing for your review of any projects that are nearing their End Date, allowing you the opportunity to pursue extension of any applicable projects if you would like them to be included on the POR for the upcoming fiscal year. Projects cannot exceed a 5-year duration.
4. **Progress Reports** - Provides status for your review regarding submission of most recent progress reports on active projects. This is a point of POR review by NIFA program managers who will expect submitted progress reports to be up to date.
5. **History** – Provides an historical record of all past submitted PORs, available at any time as a PDF, which can be printed or saved for your records.

PROGRAM OF RESEARCH

- The Program of Research module is located within the Site Administration tab.

*Requires [Mozilla Firefox](#) or [Internet Explorer 9](#). [View CRIS Webforms](#)

- Here, you can locate the Program of Research tab.

Roles and Permissions

Currently the permissions for each role are non-editable. Click "More..." for a brief explanation of each role's capabilities.

PROGRAM OF RESEARCH

- Animal Health and McIntire-Stennis programs are managed separately.
 - Notice the additional menu bar which differentiates them.
 - The heading at the top indicates which section you are managing.
 - If your institution does not receive one of these two lines of funding, then that option will not be listed.

- The Program of Research process allows you to view projects that have been submitted to NIFA, and are currently pending review. This allows you to follow up and ensure that these projects are reviewed and approved so that they can be included in your Program of Research for the upcoming fiscal year.
 - Click the “Projects Submitted to NIFA” folder to view projects that are pending review. If zero projects are listed, then none are pending review for that funding type.

The screenshot shows the REEport web application interface. At the top, there is a banner with the text "REEport" and "Administrative Site: SAES - IOWA STATE UNIVERSITY". Below this is a navigation menu with tabs for "Home", "Project Initiation", "Progress Report", "Financial Report", "Reports", "Project Change", "Final Report", and "Site Administration". A secondary menu includes "Roles", "Departments", "Users", "Workflow", "Site Profile", "Prefix", "Site Administrator FAQs", "Launch Wizard", and "Program of Research". The current user is identified as "Animal Health | McIntire-Stennis".

The main heading is "Program of Research for Animal Health for Fiscal Year 2014". Below this, there are links for "Expand All Folders" and "Collapse All Folders". A list of folders is displayed:

- 0 Project(s) Submitted to NIFA (indicated by a red arrow)
- 0 Project(s) Close to End Date
- 2 Program of Research Project(s)

Below the folders is a text area for "Animal Health Authorizing Signature" containing the text: "Test", "Test", "Test@test.com", "Test".

Below the signature area is a confirmation message: "By clicking the Submit button, you are declaring your Program of Research is complete. Are you sure you want to make your final submission?". There is a checkbox and the text: "By clicking this 'Submit' button I hereby certify that the submission of this Program of Research is approved." Below this are two buttons: "PoR PDF" and "Submit to NIFA".

At the bottom, there is a link for "0 Program of Research Submission History".

PROGRAM OF RESEARCH

- You can also view any projects that are nearing the end date, and have applicable projects extended as needed so that they can be included in your Program of Research for the upcoming fiscal year.
 - Click the “Projects Close to End Date” folder to view projects that are nearing the end date. If zero projects are listed, then none are about to end for that funding type.

The screenshot shows the REEport web application interface. At the top, there is a banner with the text "REEport" and "Administrative Site: SAES - IOWA STATE UNIVERSITY". Below the banner is a navigation menu with items: Home, Project Initiation, Progress Report, Financial Report, Reports, Project Change, Final Report, Site Administration, Roles, Departments, Users, Workflow, Site Profile, Prefix, Site Administrator FAQs, Launch Wizard, and Program of Research. The "Program of Research" item is highlighted. Below the navigation menu, the page title is "Program of Research for Animal Health for Fiscal Year 2014". There are two links: "Expand All Folders" and "Collapse All Folders". A list of folders is displayed: "0 Project(s) Submitted to NIFA", "0 Project(s) Close to End Date" (with a red arrow pointing to it), and "2 Program of Research Project(s)". Below the folders is a form for "Animal Health Authorizing Signature" with fields for "Test", "Test", and "Test@test.com". Below the form is a question: "By clicking the Submit button, you are declaring your Program of Research is complete. Are you sure you want to make your final submission?". There is a checkbox with the text "By clicking this 'Submit' button I hereby certify that the submission of this Program of Research is approved." and two buttons: "PoR PDF" and "Submit to NIFA". At the bottom, there is a link for "0 Program of Research Submission History". At the very bottom, there is a footer with the text: "*Requires Mozilla Firefox or Internet Explorer 9. View CRIS Webforms".

- Projects listed in the “Program of Research” folder are active projects for that program, and are ready to be included your Program of Research for the upcoming fiscal year.
 - Click the “Program of Research Projects” folder to view these projects.
 - If zero projects are listed, then your institution has no active projects for that funding type.

223906	IOW05276	Understanding the interaction between mechanisms of intestinal mycotoxin and endotoxin transport with rearing environment on pig	Animal Science	Nicholas Gabler	Active	10/01/2010	09/30/2015	2013

Total Number of Projects: 2

- Once you have reviewed and are ready to submit your POR for the year, check the box indicating that it is approved and then click “Submit to NIFA”.
 - The POR is routed for review to NIFA staff who manage that program. Remember that the POR for Animal Health and McIntire-Stennis are managed and submitted independently.
 - NIFA program managers will communicate the POR review status to the person listed as your signatory authority for that program.

PROGRAM OF RESEARCH

- Now the submitted POR is listed in the Program of Research Submission History with a date and time stamp, and is viewable as a PDF, which you can also print and save for your records.
 - If any changes or updates to the POR are required, or requested by NIFA program managers (a missing progress report for example), the POR process allows you to make these updates and resubmit.
 - **NOTE:** It is understood that new projects may become active throughout the fiscal year. These are automatically considered to be included in the current POR, and it is not necessary to continually resubmit your POR during the year for each new active project.
