

Site Selection

Many ways to select sites

Example from Kentucky

- ▶ Selection of audience – general (youth vs. adults)
- ▶ Assessment of specific audience
 - Data analysis from a variety of sources
 - Survey of CES employees (county professionals, state professionals, administration)
 - Survey of stakeholders
- ▶ Selection of program need
 - Same as above
- ▶ Selection of sites
 - RFA
 - Review process – professionals UK, KSU, other land grant universities
 - Final approval by administration

Other Ways of Selection

- ▶ Preference of administration
 - ▶ Program Model selected mates with only 2 sites
 - ▶ Sites selected because of great need, program model selected to match need of sites
-
