

Animal Health and Disease Research Program

Fiscal Year 2019 Request for Applications

APPLICATION DEADLINE: July 26, 2019

United States
Department of
Agriculture

National Institute
of Food and
Agriculture

NATIONAL INSTITUTE OF FOOD AND AGRICULTURE; U.S. DEPARTMENT OF AGRICULTURE

Animal Health and Disease Research Program

INITIAL ANNOUNCEMENT

ASSISTANCE LISTING formerly known as the Catalog of Federal Domestic Assistance: This program is listed in the Assistance Listings under **10.207**.

DATES: Applications must be received by **5:00 p.m. Eastern Time on July 26, 2019**. Comments regarding this request for applications (RFA) are requested within six months from the issuance of this notice. Comments received after that date will be considered to the extent practicable.

STAKEHOLDER INPUT: The National Institute of Food and Agriculture (NIFA) seeks comments on all request for applications (RFAs) so it can deliver programs efficiently, effectively, with integrity, and with a focus on customer service. NIFA considers comments, to the extent possible when developing RFAs and use comments to help meet the requirements of [Section 103\(c\)\(2\) of the Agricultural Research, Extension, and Education Reform Act of 1998 \(7 U.S.C. 7613\(c\)\(2\)\)](#). Applicants may submit written comments to Policy@nifa.usda.gov (email is for comments only). Please use the following subject line: *Response to the Capacity and Infrastructure Program Part (a) of the Continuing Animal Health and Disease, Food Security, and Stewardship Research, Education and Extension Program RFA*.

EXECUTIVE SUMMARY: NIFA requests applications for the *Capacity and Infrastructure Program Part (a) of the Continuing Animal Health and Disease, Food Security, and Stewardship Research, Education and Extension Program (aka Animal Health and Disease Research or AHDR)* for fiscal year (FY) 2019 to assist all states in carrying out a program of research activities designed to do the following:

- (1) To meet expenses of conducting animal health and disease research, publishing and disseminating the results of such research, and contributing to the retirement of employees subject to the provisions of the Act of March 4, 1940 (54 Stat. 39–40, as amended; 7 U.S.C. 331);
- (2) For administrative planning and direction; and
- (3) To purchase equipment and supplies necessary for conducting such research.

The amount available for support of this program in FY 2019 is **\$3,717,120**. **Interim Appendix A** of this RFA includes specific distributions. NIFA will issue FY 2019 payments subject to the applicant having met the previous year's reporting requirements. As noted in Part III § B of this RFA, matching is required, so applicants should pay particular attention to the matching instructions included in Part IV § B(4).

This notice identifies the objectives for **AHDR**, the eligibility criteria for projects/program and applicants, and the application forms and associated instructions you need to apply for an **Animal Health Capacity Program** grant.

What's new for 2019?

1. Interim Appendix A illustrates FY 2018 awards figures. These figures are for illustration purposes only, since the 2019 award figures have not yet been determined. NIFA anticipates that the FY 2019 awards figures could be significantly different, therefore, institutions should not commit the funds until they receive the actual 2019 figures. NIFA will modify this RFA when 2019 award figures become available.
2. NIFA's Office of Grants and Financial Management, Office of Information Technology, and Data Governance Working Group are working on a pilot initiative to better identify and track institutions and associated departments that receive capacity awards. As part of this pilot, NIFA is providing guidance in the form of additional columns in the capacity RFA appendices. Applicants is required to enter the *legal name, organizational Dun and Bradstreet Universal Numbering System (DUNS), and the department name fields of the SF-424*. The information provided is based on applications received for FY 2018 and is intended to streamline award processing through our ezFedGrants system. If changes have occurred to this information, please contact NIFA as soon as possible to discuss options to minimize potential issues and delays.
3. Felony Convictions or Tax Delinquent Status. See Part V, Section 4.12. of the NIFA Grants.gov Application Guide for instructions regarding mandatory Felony Convictions or Tax Delinquent Status. For Capacity programs, this mandatory information must be included in the Attachment Form.
4. All Standard Form (SF)-425 Federal Financial Reports for the awards (not the project financial reports that are submitted in REEport), whether annual or final, will be due December 29th each year. Most programs already have this requirement, but it was decided that all programs will follow this practice. This change took effect for the FY 2017 awards.
5. Annual and final report templates are made available in the ezFedGrants portal on October 1st for all capacity agreements. Recipients will submit the SF-425 directly in the portal. Detailed instructions on the submission of SF-425s in the ezFedGrants portal can be found under the training tab on the [ezFedGrants](#) page.
6. ezFedGrants. NIFA will publish RFAs to [Grants.gov](#) and applicants will apply the same provisions as the prior year.
 - o However, similar to FY 2017 & 2018, NIFA will pull the application and process the awards. NIFA will pull all applications directly into the ezFedGrants system.
7. Matching Funds. As noted in Part III § B of this RFA, matching is required, therefore, matching is an eligibility criteria and grantees must include and attach a portable document format (PDF) document identifying the non-federal source of match documentation with the application. NIFA will consider this documentation when ascertaining final matching requirements or in determining if required matching can be waived. NIFA retains the right to make final determinations regarding matching requirements.

- Include the matching documents as a separate attachment to the “attachment form.” The matching documentation must include the non-federal sources (specify whether the source is third party, cash, state or non-state, county or non-tax, and the amount for each source), and amount of all matching support including matching from outside the applicant institution and place that information in PDF format (see Part III, Section 3. of the guide for attachment requirements)
 - Establish the value of applicant contributions in accordance with applicable cost principles. Refer to 2 CFR Part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards”, for further guidance and other requirements relating to matching and allowable costs.
 - 1890’s and 1862’s in insular areas must follow the requirements in the recently updated [7 CFR 3419: Matching Funds requirements for Agricultural research and extension capacity funds at 1890 land-grant institutions, including Central State University, Tuskegee University, and West Virginia State University, and at 1862 land-grant institutions in insular areas](#). This Final Rule was published on May 11, 2018.
8. FY 2016 Appropriations Act Funding under Grants and Cooperative Agreements with Entities Requiring Certain Internal Confidentiality Agreements. Public Law 114-113 prevents the Federal Government from making grants or cooperative agreements to entities requiring employees or contractors to sign nondisclosure agreements or statements prohibiting them from reporting waste, fraud or abuse to an investigative or law enforcement representative of the Federal Government. Information related to the questions on this and other assurances on the SF 424 R&R Cover Sheet form is dealt with in detail in Part V, 2 of the NIFA Grants.gov Application Guide. See Section 2.18 of the NIFA Application Guide which provides that the applicant’s electronic signature on the SF-424 affirms its agreement with Federal representations and assurances (e.g., Prohibition against FY 16 Appropriations Act Funding under Grants and Cooperative Agreements with Entities Requiring Certain Internal Confidentiality Agreements...)

PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

Section 1433 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, enacted as Title XIV of Pub. L. 95–113 (The Food and Agriculture Act of 1977) on Sept. 29, 1977, is also known as the Animal Health and Disease Research (AHDR) Program. This law provides the basis for federal funding for research activities into animal health and diseases at accredited State schools or colleges of veterinary medicine or agricultural experiment stations that conduct animal health and disease research.

States are eligible for funds appropriated under this Act according to the following formula: One half of the State allotment will be distributed among the states in the proportion that the value of and income to producers from domestic livestock, poultry, and commercial aquaculture species in each State bears to the total value of and income to producers from domestic livestock, poultry, and commercial aquaculture species in all the states, based on the most current inventory of all cattle, sheep, swine, horses, poultry, and commercial aquaculture species published by the Department of Agriculture. The remainder of the State allotment will be distributed among the states in the proportion that the animal health research capacity of the eligible institutions in each state bears to the total animal health research capacity in all the states, as determined by NIFA.

B. Purpose

The purpose of the AHDR program is to increase animal health and disease research activities at accredited public or private veterinary schools or colleges, or state agricultural experiment stations that conduct animal health and disease research. The AHDR is aligned with the following [USDA Strategic Goals](#):

1. Strategic Goal 2: Maximize the Ability of American Agricultural Producers to Prosper by Feeding and Clothing the World; (Objective 2.3), to protect agricultural health by preventing and mitigating the spread of agricultural pests and disease; and
2. Strategic Goal 7: Provide all Americans Access to a Safe, Nutritious, and Secure Food Supply.

PART II—AWARD INFORMATION

Available Funding. NIFA will distribute funds to the institutions according to the amounts allocated in FY 2019. NIFA will make adjustments to the allocations for FY 2019 once the FY 2019 appropriations are finalized. The amount available for support of this program in FY 2018 was **\$3,717,120**. The [Automated Standard Applications for Payment System](#) (ASAP), operated by the Department of Treasury's Bureau of the Fiscal Service, will be the payment system for all NIFA grant awards.

Type of Application. Applications for FY 2019 is limited to new applications. A new application is an application not previously submitted to this program.

Responsible and Ethical Conduct of Research. See [Responsible and Ethical Conduct of Research](#).

PART III—ELIGIBILITY INFORMATION

A. Eligible Applicants

Table 1 provides a list of the accredited school or college of veterinary medicine or State agricultural experiment station that conduct animal health and disease research in accordance with NARETPA section 1433(c):

Table 1. Eligible Applicants

Legal Name (From SAM)	Department (Eligible Institution or Department)
Auburn University	Alabama Agricultural Experiment Station
Auburn University	Auburn University College of Veterinary Medicine
Tuskegee University	Tuskegee University College of Veterinary Medicine
University of Alaska Fairbanks	University of Alaska Fairbanks Agricultural and Forestry Experiment Station
Midwestern University	Midwestern University Glendale
University of Arizona	University of Arizona College of Agriculture & Life Sciences
University of Arkansas System	Arkansas Agricultural Experiment Station
Regents of The University of California, The	University of California Division of Agriculture and Natural Resources
Regents of The University of California, The	University of California Davis School of Veterinary Medicine
Western University of Health Sciences	Western University of Health Sciences College of Veterinary Medicine
Colorado State University	Colorado State University, Agricultural Experiment Station & College of Veterinary Medicine
University of Connecticut	University of Connecticut Storrs Agricultural Experiment Station
University of Delaware	University of Delaware Agricultural Experiment Station

Legal Name (From SAM)	Department (Eligible Institution or Department)
University of Florida	Florida Agricultural Experiment Station
University of Georgia	University of Georgia Agricultural Experiment Station
University of Georgia	University of Georgia College of Veterinary Medicine
University of Hawaii Systems	University of Hawaii College of Tropical Agriculture and Human Resources
Regents of The University Of Idaho	Idaho Agricultural Experiment Station
University of Illinois	University of Illinois, Agricultural Experiment Station & College of Veterinary Medicine
Purdue University	Purdue University, Agricultural Experiment Station & College of Veterinary Medicine
Iowa State University of Science And Technology	Iowa State University Agricultural & Home Economics Experiment Station
Iowa State University of Science And Technology	Iowa State University College of Veterinary Medicine
Kansas State University	Kansas State University, Agricultural Experiment Station & College of Veterinary Medicine
University of Kentucky	Kentucky Agricultural Experiment Station
Louisiana State University	Louisiana State University Agricultural Center
Louisiana State University	Louisiana State University College of Veterinary Medicine
University of Maine System	Maine Agricultural and Forest Experiment Station
University of Maryland	University of Maryland College of Agriculture and Natural Resources
University of Massachusetts	Massachusetts Agricultural Experiment Station
Trustees of Tufts College	Tufts University School of Veterinary Medicine

Legal Name (From SAM)	Department (Eligible Institution or Department)
Michigan State University	Michigan State University, Agricultural Experiment Station & College of Veterinary Medicine
Regents of The University Of Minnesota	Minnesota Agricultural Experiment Station
Regents of The University Of Minnesota	University of Minnesota College of Veterinary Medicine
Mississippi State University	Mississippi State University, Agricultural and Forestry Experiment Station & College of Veterinary Medicine
University of Missouri System	Missouri Agricultural Experiment Station
University of Missouri System	University of Missouri College of Veterinary Medicine
Montana State University, Inc.	Montana Agricultural Experiment Station
Board of Regents of the University of Nebraska	University of Nebraska Lincoln Institute of Agriculture and Natural Resources Agricultural Research Division
Nevada System of Higher Education	Nevada Agricultural Experiment Station
University System of New Hampshire	New Hampshire Agricultural Experiment Station
Rutgers, The State University of New Jersey	New Jersey Agricultural Experiment Station
New Mexico State University	New Mexico State University Agricultural Experiment Station

Award recipients may subaward to organizations not eligible to apply provided such organizations are necessary for the conduct of the project. Failure to meet an eligibility criterion by the time of application deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award.

Eligibility is also contingent upon timely responsiveness to the pre-submission reporting requirements, which are the submission of an annual AHDR Program of Research (PoR) and the timely submission and approval of an annual Animal Health Research Capacity Report, by each eligible entity. NIFA solicits these reports from all eligible entities during the months

immediately preceding release of this RFA. Research Capacity report data must be collected and processed by NIFA before this RFA can be released because this data drives approximately half of the formula determining the total distribution of funds to each entity.

B. Cost Sharing or Matching

There is 100% matching required for award amounts over \$100,000. Awards under \$100,000 do not have a matching requirement. 7 U.S.C. 3200 provides that “No funds in excess of \$100,000 ... shall be paid by the federal Government to any State under this subchapter during any fiscal year in excess of the amount from non-federal sources made available to and budgeted for expenditure by eligible institutions in the State during the same fiscal year for animal health and disease research. The Secretary is authorized to make such payments in excess of \$100,000 on the certificate of the appropriate official of the eligible institution having charge of the animal health and disease research for which such payments are to be made. If any eligible institution certified for receipt of matching funds fails to make available and budget for expenditure for animal health and disease research in any fiscal year sums at least equal to the amount for which it is certified, the difference between the federal matching funds available and the funds made available to and budgeted for expenditure by the eligible institution shall be reapportioned by the Secretary among other eligible institutions of the same state, if there are any which qualify therefore, and, if there are none, the Secretary shall reapportion such difference among the other states.”

PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Method of Application

Applicants must apply to this RFA electronically, no other method or response is accepted. The electronic application for this RFA and additional resources are available on [Grants.gov](https://www.grants.gov) and [Grants 101](#). **Table 2** provides instructions on how to obtain an electronic application. **Part II § 1** of the [NIFA Grants.gov Application Guide](#) (Application Guide) contains detailed information regarding the registration process.

Table 2: Steps to Obtain Application Materials

Steps	Action
Step One: Register	<i>New Users</i> to Grants.gov must register early with Grants.gov prior to submitting an application (Register Here).
Step Two: Download Adobe	Download and Install Adobe Reader (see Adobe Software Compatibility for basic system requirements)
Step Three: Find Application	Using this funding opportunity number USDA-NIFA-10207-AHDRXXXX-19-0001 , search for application here: Opportunity Package .
Step Four: Assess Readiness	Contact an AR prior to starting an application to assess the organization's readiness to submit an electronic application.

Table 3: Help and Resources

Grants.gov Support	NIFA Support
Grants.gov Online Support Telephone support: 800-518-4726 Toll-Free or 606-545-5035 Email support: support@grants.gov Self-service customer based support: Grants.gov iPortal <i>Key Information: Customer service business Hours 24/7, except federal holidays.</i>	Email: electronic@nifa.usda.gov Phone: 202-401-5048 <i>Key Information: Business hours: Monday thru Friday, 7a.m. – 5p.m. ET, except federal holidays</i>

B. Content and Form of Application Submission

Applicants must prepare electronic applications following Parts V and VI of the NIFA Grants.gov Application Guide. This guide is part of the corresponding application package (see Section A of this part). The following additional information is needed to prepare an application for this RFA. If there is discrepancy between the two documents, the information contained in this RFA is overriding.

Table 4: Key Application Instructions

Instruction	References (All references are to the Application Guide)
Attachments must be in a portable document format (PDF) format.	Part III § 3

Instruction	References (All references are to the <u>Application Guide</u>)
Check the manifest of submitted files to verify attachments are in the correct format.	Part III § 6.1
Conduct an administrative review of the application before submission.	Part VII and
Follow the submission instructions.	Part IV § 1.5
Provide an accurate email address, where designated, on the SF-424 R&R.	Part IV § 1.5
Contact the Grants.gov helpdesk for technical support, and keep a record of the correspondence.	

The NIFA Grants.gov Application Guide includes instructions for additional forms that are not needed for an application in response to this RFA. Complete and submit only the forms associated with the funding opportunity package and as instructed in numbers one thru four below.

Each grant application must contain the following:

- “Application for Federal Assistance,” Form SF-424 R&R Cover Sheet
- Key Contacts Form
- NIFA Supplemental Information Form
- Attachment Form

1. **SF 424 R&R Cover Sheet.** Information related to the questions on this form is available in Part V, 2 of the NIFA Grants.gov Application Guide. The following are additional instructions. Please note new instructions are included below for Field 5. The Organizational Information NIFA has included in Appendix A is based on FY18 applications received for this program. If your organization intends to submit an application using information other than what appears in Appendix A, please contact us at formulagrantsquestions@nifa.usda.gov or (202) 401-6520 prior to submitting your application.
 - a. **Field 1. Type of Submission** – Check “Application”
 - b. **Field 5. Applicant Information**
 - Enter Legal Name of the Applicant as registered in the System for Awards Management which appears in the first column of Appendix A to this RFA.
 - Enter Organizational DUNS as it appears in the third column of Appendix A to this RFA.
 - Enter Department Name of Eligible Recipient as it appears in the second column of Appendix A to this RFA.
 - c. **Field 8. Type of Application** – Enter “new”
 - d. **Field 15. Estimated Project Funding** – For item a, enter your institution’s FY 2018 allocation as listed in Appendix A to this announcement

- e. **Field 17. Complete Certification** - See Part V, Section 2.18 of the NIFA Grants.gov Application Guide for the required certifications and assurances (e.g., Prohibition Against Entities Requiring Certain Internal Confidentiality Agreements)
2. **Key Contacts Form.** Information related to the questions on this form is available in Part VI, 4 of the NIFA Grants.gov Application Guide.
- Animal Health**
- a. **Contact 1 Project Role:** Enter the contact information for the Dean or Director.
 - b. **Contact 2 Project Role:** Enter the contact information for the Dean’s or Director’s designee, if applicable.
 - c. **Contact 3 Project Role:** Enter the contact information for the Business Office Manager/Administrator.
 - d. **Contact 4 Project Role:** Enter the contact information for the person responsible for drawdowns.
3. **Supplemental Information Form.** Information related to the questions on this form is available in Part VI, 1 of the NIFA Grants.gov Application Guide. The following are additional instructions.
- a. **Field 2. Program to which you are applying.** Enter the program code name (i.e., enter “Animal Health and Disease Research -) and the program code (i.e., enter “AHDR”).
 - b. **Field 8. Conflict of Interest List.** Do not attach a conflict of interest list.
4. **Attachment Form.** Information related to the questions on this form is available in Part VI, 5 of the NIFA Grants.gov Application Guide. The following are additional instructions.
- a. **Felony Convictions or Tax Delinquent Status** - See Part V, Section 4.12. of the NIFA Grants.gov Application Guide for instructions regarding mandatory Felony Convictions or Tax Delinquent Status. For Capacity programs, this mandatory information must be included in the Attachment Form.

C. Submission Dates and Times

Instructions for submitting an application are included in Part IV, Section 1.9 of the NIFA Grants.gov Application Guide. Applications are due by **5 p.m. Eastern Time on July 26, 2019**. Applications received after this deadline will normally not be considered for funding.

Applicants may check the status of your application in the [ezFedGrants](#) portal or by looking in Grants.gov after NIFA accepts their application. Please refer to the [ezFedGrants](#) training tab for access information. If an applicant is not able to validate that NIFA received their application by **July 26, 2019**, they should contact the Agency Administrative Contact identified in Part VII of this RFA. Failure to do so may result in the application not being processed and funding being held. You should cite your Grants.gov tracking number on all inquiries until an award number is assigned.

D. Funding Restrictions

- 1. **Approved NIFA AHDR Projects.** AHDR federal funding may only be used on AHDR approved projects.

2. **Indirect Costs and Tuition Remission.** In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as AHDR formula grant expenditures.
3. **Matching.** See Part III, B. for additional information.
4. **Carryover of Funds.** AHDR funds are expected to be fully expended in the fiscal year of appropriation; however, funds may be carried over for up to one additional year. Please note there is no limitation on the amount of federal funds that may be carried over for this one additional fiscal year. No prior approval from NIFA is required. Since this limitation is legislatively mandated, NIFA is not authorized to grant any carry-over requests beyond this one additional year.

E. Other Submission Requirements

Applicants must follow the submission requirements noted in Part IV, Section 1.9 of the NIFA Grants.gov Application Guide. See Part III, Section 6 of the NIFA Grants.gov Application Guide for information about the status of a submitted application.

DUNS Number and System for Award Management (SAM) – each applicant (unless excepted under 2 CFR § 25.110(b) or (c), or has an exception approved by the federal awarding agency under 2 CFR § 25.110(d)) is required to:

- be registered in SAM before submitting its application;
- provide a valid DUNS number in its application; and
- continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency.

If an applicant have not complied with all applicable DUNS and SAM requirements they may be considered unqualified to receive an award. An applicant's SAM registration information determines their organization's ID in the ezFedGrants system, therefore the information must match the applicant's ASAP recipient DUNS and EIN.

PART V—APPLICATION REVIEW REQUIREMENTS

A. General

NIFA will review submitted documents to determine if all program, financial, and administrative requirements have been met and are current.

B. Organizational Management Information

Applicants must submit specific management information relating to an applicant prior to an award, and update the information as needed. Applicants may only have to update their information if they had previously provided the information under this or another NIFA program. NIFA provides the requisite forms during the pre-award process. Although an applicant may be eligible for award under this program, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g.,

debarment or suspension of an individual, or a determination that an applicant is not responsible).

PART VI—AWARD ADMINISTRATION

A. General

Within the limit of funds authorized, the NIFA awarding official will make grants to responsible and eligible applicants whose applications are judged most meritorious under the procedures set forth in this RFA.

Award Notice. The notice of federal award is the authorizing document. The award document contains award provisions and other pertinent information. See [Notice of Award](#) for further details.

B. Administrative and National Policy Requirements

Several federal statutes and regulations apply to grant applications and the projects outlined in this RFA (some are listed here: [Federal Regulations](#)). Unless specifically noted by statute or award-specific requirements, [NIFA Policy Guide](#) applies to all NIFA awards.

C. Expected Program Outputs and Reporting Requirements

See [Animal-Health](#) for additional details of annual, final technical, and financial reporting requirements. Instructions for using the REEport system are included on the NIFA web site at [REEport Resources - Land-Grant Partners](#).

PART VII—AGENCY CONTACTS

Refer ADHR related questions to the appropriate person listed in Tables below:
