PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

Section 1444 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA), enacted as Title XIV of Public Law 95–113 (The Food and Agriculture Act of 1977) on Sept. 29, 1977, is also known as the Section 1444 Program. This law provides the basis for Federal funding for agricultural extension activities at 1890 Land-Grant Institutions, including Tuskegee University, West Virginia State University, and Central State University.

Further, in accordance with Section 7129 of the Agricultural Act of 2014 (House Conference Report 113-333, to accompany H.R. 2642), Central State University has the designation as an 1890 Institution and is eligible to receive funds under this program beginning in Fiscal Year 2016.

The 1890 Land-Grant Institutions, including Tuskegee University, West Virginia State University, and Central State University are eligible for funds appropriated under this Act according to the following formula: Any funds annually appropriated under NARETPA section 1444 up to the amount appropriated for the fiscal year ending September 30, 1978, pursuant to section 3(d) of the Act of May 8, 1914, as amended, for eligible institutions, will be allocated among the eligible institutions in the same proportion as funds appropriated under section 3(d) of the Act of May 8, 1914, as amended, for the fiscal year ending September 30, 1978, are allocated among the eligible institutions. Of the funds in excess of that amount, 20 percent will be allotted among the eligible institutions in equal proportions; 40 percent will be allotted among the eligible institutions in the proportion that the rural population of the State in which each eligible institution is located bears to the total rural population of all the States in which eligible institutions are located, as determined by the last preceding decennial census current at the time each such additional sum is first appropriated; and the balance will be allotted among the eligible institutions in the proportion that the farm population of the State in which each eligible institution is located bears to the total farm population of all the States in which the eligible institutions are located, as determined by the last preceding decennial census current at the time each such additional sum is first appropriated. For purposes of computing the distribution, the allotments to Tuskegee University and Alabama A&M University will be determined as if each institution were in a separate State.

B. Purpose

The purpose of this funding is to support agricultural and forestry extension activities at 1890 Land-Grant Institutions, including Tuskegee University, West Virginia State University, and Central State University.

PART II—AWARD INFORMATION

A. Available Funding

Subject to any 2016 Continuing Resolution, funds will be distributed to the institutions on a quarterly basis and according to the amounts allocated in FY 2015. Adjustments will be made to the allocations for FY 2016 once the FY 2016 appropriations are finalized. The appropriated amount available for support of this program in FY 2015 was **\$43,920,000**.

Awards issued as a result of this RFA will have designated the Automated Standard Applications for Payment System (ASAP), operated by the Department of Treasury's Bureau of the Fiscal Service, as the payment system for funds. For more information see <http://fms.treas.gov/index1.html>.

B. Type of Application

In FY 2016, submit applications to the Section 1444 Program as a “new” application.

PART III—ELIGIBILITY INFORMATION

A. Eligible Applicants

Applications may only be submitted by 1890 Land-Grant Universities that conduct agricultural extension activities in accordance with NARETPA section 1444(a)(1): Alabama A&M University; Tuskegee University; University of Arkansas - Pine Bluff; Delaware State University; Florida A&M University; Fort Valley State University; Kentucky State University; Southern University; University of Maryland – Eastern Shore; Alcorn State University; Lincoln University; North Carolina A & T State University; Central State University, Langston University; South Carolina State University; Tennessee State University; Prairie View A&M University; Virginia State University; and West Virginia State University. Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project. Failure to meet an eligibility criterion by the time of application deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award.

B. Cost Sharing or Matching

The source and amount of costs and/or the value of third-party in-kind contributions proposed by the applicant to meet a matching or cost sharing requirement must be identified in the application (i.e., block 8 of the application). Allowability of costs for cost sharing and matching purposes is determined by the applicable cost principles (2CFR 200).

Section 1449 of NARETPA (7 U.S.C. 3222d) states that “the State shall provide matching funds from non-Federal sources. Such matching funds shall be for an amount equal to not less than ... 100 percent of the formula [grant] funds to be distributed to the eligible institution for fiscal year 2007 and each fiscal year thereafter. ... Notwithstanding [redistributing the funds], the Secretary may waive the matching funds requirement ... above the 50 percent level for any fiscal year for an eligible institution of a State if the Secretary determines that the State will be unlikely to satisfy the matching requirement.”

Most regulations applicable to National Institute of Food and Agriculture (NIFA) awards are housed in Title 7 of the Code of Federal Regulations. 7 CFR 3419.1 defines “matching funds” as “funds from non-Federal sources made available by the State to the eligible institutions ... [for] programs or activities that fall within the purposes of agricultural research and cooperative extension under sections 1444 and 1445 of NARETPA ... or [for] qualifying educational activities. Matching funds means cash contributions and excludes in-kind matching contributions.” It defines “non-Federal sources” as “funds made available by the State to the eligible institution either through direct appropriation or under any authority (other than authority to charge tuition and fees paid by students) provided by a State to an eligible institution to raise revenue, such as gift acceptance authority or user fees.” Finally, it defines “qualifying educational activities” as “programs that address food and agricultural sciences components of an eligible institution.”

7 CFR 3419.6 states that “The required matching funds for the formula programs shall be used by an eligible institution for agricultural research and extension activities that have been approved in the plan of work required under sections 1444(d) and 1445(c) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977...or for...qualifying education activities.”

NIFA may consider and approve matching waiver requests above the 50 percent level. See Part IV, B. 4. for instructions about how to request a waiver.

PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Electronic Application Package

Only electronic applications may be submitted via Grants.gov to NIFA in response to this RFA. We urge you to submit early to the Grants.gov system. For an overview of the Grants.gov application process see <http://www.grants.gov/web/grants/applicants/grant-application-process.html>.

New Users of Grants.gov

Prior to preparing an application, we recommend that the Project Director/Principal Investigator (PD/PI) first contact an Authorized Representative (AR, also referred to as Authorized Organizational Representative or AOR)¹ (see B.,1.,d. of this Part to determine if the organization is prepared to submit electronic applications through Grants.gov. If not (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), then you must complete the one-time registration process PRIOR to submitting an application. It can take as long as 2 weeks to complete the registration process so it is critical to begin as soon as possible. In such situations, the AR should go to **“Register” in the top right corner of the Grants.gov web page (or go to <http://www.grants.gov/web/grants/register.html>) for information on registering the institution/organization with Grants.gov.** Item 2. below mentions the “NIFA Grants.gov Application Guide.” Part II., 1. of the NIFA Grants.gov Application Guide contains additional explanatory language regarding the registration process.

Steps to Obtain Application Package Materials

For basic system requirements and download instructions, see <http://www.grants.gov/web/grants/support/technical-support/software/adobe-reader-compatibility.html>. Grants.gov has a test package that will help you determination whether your current version of Adobe Reader is compatible.
2. To obtain the application package from Grants.gov, go to <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>. Under Step 1 click on “Download a Grant Application Package,” and enter the funding opportunity number **USDA-NIFA-LG1444-005278** in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package.

The application package contains the “NIFA Grants.gov Application Guide.” This guide contains an introduction and general Grants.gov instructions, information about how to use a
