2021 Updates

1. NIFA is continuing the pilot submission of a SF424a budget with budget narrative within FY 2021 capacity applications. It is NIFA's intention to provide capacity grantees with feedback from the pilot and to require capacity grantees (with the exception of EFNEP grantees, who already have budget submission requirements) to submit high level capacity grant budgets with their grant applications in FY 2022, dependent on the results of the Budget pilot conducted in FY2020 and FY2021. The SF424a is available on grants.gov and the NIFA grants.gov application guide has been updated with detailed instructions for completion requirements. For more information on the budget pilot, including the answers to frequently asked questions for applicants choosing to participate in the pilot, please visit the [NIFA website](#).
2. NIFA OGFPM is offering Smith-Lever, Hatch, 1890 Extension, 1890 Research, McIntire-Stennis, Animal Health Disease Research and Renewable Resource Extension Act grantees the opportunity to participate in the continued pilot by submitting a SF424a budget with budget narrative within their FY 2021 applications. If you are participating in the FY 2021 budget pilot, you are required to provide information on the source of match on the SF424a Section C, along with a description in the accompanying budget narrative. Therefore, you do not need to provide an additional source of match document with your application.
3. **ezFedGrants** - NIFA will publish the RFA on its website. You will continue to apply through grants.gov and your application will automatically be downloaded into ezFed Grants.

PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

The Renewable Resources Extension Act (Pub. L. 95-306 (92 Stat. 349), [16 U.S.C. 1671-1676](#)) established the Renewable Resources Extension Act Program in 1978. This law provides the basis for federal funding for extension activities associated with fish, wildlife, and water resources on private forest and rangelands and for renewable resource education programs at State Land-Grant Institutions established under the Morrill Act of July 2, 1862, as amended; the Hatch Act of March 2, 1887, as amended; the Morrill Act of August 30, 1890, as amended, including Tuskegee University; and other State-supported colleges and universities offering graduate training in the sciences basic to forestry and having a forestry school.

States are eligible for funds appropriated under this Act according to the respective capabilities of their private forests and rangelands for yielding renewable resources and relative needs for such resources identified in the periodic Renewable Resource Assessment provided for in Section 3 of the Forest and Rangeland Renewable Resources Planning Act of 1974 and the periodic appraisal of land and water resources provided for in Section 5 of the Soil and Water Resources Conservation Act of 1977.

B. Purpose

The purpose of this funding is to assist states in carrying out an extension program designed to assist forest and range landowners and managers in making resource management decisions based on research findings. Forest and rangeland resources include vegetation, water, fisheries and wildlife, soil, and recreation. A RREA Strategic Plan was established for FY 2018-2022, and the priorities listed in this plan are to be the focus of RREA expenditures by recipients.

The FY 2018-2022 RREA Strategic Plan can be found on the USDA NIFA home page for RREA: <https://nifa.usda.gov/program/renewable-resources-extension-act-capacity-grant>.

PART II—AWARD INFORMATION

A. Available Funding

Subject to any FY 2021 Continuing Resolution, NIFA will distribute funds to the institutions according to the amounts allocated in FY 2020. NIFA will adjust the allocations for FY 2021 once appropriations are finalized. The amount available for support of this program in FY 2020 was \$3,597,600.

USDA is not committed to fund any particular application or to make a specific number of awards. The Automated Standard Applications for Payment System (ASAP), <https://www.fiscal.treasury.gov/asap/> operated by the Department of Treasury's Bureau of the Fiscal Service, will be the payment system for all NIFA grant awards.

B. Type of Application

Applications to the RREA program for FY 2021 are limited to “new” applications. This is an application not previously submitted to the RREA program.

PART III—ELIGIBILITY INFORMATION

A. Eligible Applicants

Table 1, in accordance with the Renewable Resources Extension Act of 1978, lists the names of eligible applicants for this program. Award recipients may subcontract to organizations not eligible to apply if the subcontracts are necessary for the conduct of the project. Failure to meet an eligibility criterion by the time of application deadline may result in the application being excluded from consideration, or, even though an application may have been reviewed, will preclude NIFA from making an award.

PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Electronic Application Package

Submit only electronic applications via Grants.gov to NIFA in response to this RFA.

We urge you to submit early to the Grants.gov system. For information about the pre-award phase of the grant lifecycle, see <https://www.grants.gov/web/grants/learn-grants/grants-101/pre-award-phase.html>.

New Users of Grants.gov

Prior to preparing an application, we recommend that the project director/principal investigator (PD/PI) first contact an authorized representative (AR, also referred to as Authorized Organizational Representative or AOR)¹ to determine if the organization is prepared to submit electronic applications through Grants.gov. If not (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), you must complete the one-time registration process PRIOR to submitting an application. The registration process can take as long as two weeks to complete. It is, therefore, critical to begin the process as soon as possible. To register, the AR should select “**Register**” in the top right corner of the Grants.gov web page (or go to <https://www.grants.gov/web/grants/register.html>).

Steps to Obtain Application Package Materials

To receive application materials:

1. You must download and install a version of [Adobe Reader](#) compatible with Grants.gov to access, complete, and submit applications. For basic system requirements and download instructions, see <https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. Grants.gov has a test package that will help you determine whether your version of Adobe Reader is compatible.
2. To obtain the application package from Grants.gov, go to <https://www.grants.gov/web/grants/applicants/download-application-package.html> and enter the funding opportunity number:

Funding Opportunity Number: USDA-NIFA-10515-RREAFXXX-21-0001

in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package. A Grant Application Package is tied to a particular funding opportunity. Applications must be submitted ONLY to the particular funding opportunity to which the Grant Application Package is associated. The application package also contains the “NIFA Grants.gov Application Guide.” This guide contains an introduction and general Grants.gov instructions, additional information about the Grants.gov

¹The Authorized Representative (AR) must have the authority to represent and bind the organization for any agreement (i.e., the individual who is authorized to commit the awardee’s time and other resources to the project, to commit the awardee to comply with the terms and conditions of the award instrument including those set out herein, and to otherwise act for or on behalf of the awardee institution or organization).

registration process, information about how to use a Grant Application Package in Grants.gov, and instructions on how to complete the application forms.

If you require assistance to access the application package (e.g., downloading or navigating Adobe forms) **or submitting the application**, refer to resources available on the Grants.gov website (<https://www.grants.gov/web/grants/applicants.html>). Grants.gov assistance is also available at:

D. Funding Restrictions

1. Approved NIFA RREA Projects

RREA federal funding must be used on the strategic issues from the FY 2018-2022 RREA Strategic Plan identified in the institution's approved 5-Year Plan of Work for FYs 2018-2022. FY 2018 -2022 RREA Strategic Plan can be found on the USDA NIFA home page for RREA: <https://nifa.usda.gov/program/renewable-resources-extension-act-capacity-grant>

2. Indirect Costs and Tuition Remission

In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. §3319), indirect costs and tuition remission are unallowable as RREA capacity grant expenditures.

3. Carryover of Funds

RREA funds are expected to be fully expended in the fiscal year of appropriation; however current policy allows 50 percent of the prior fiscal year allocation to be carried over into the next fiscal year. These carryover funds must be fully expended by September 30 of the following year (e.g., September 30, 2022 for FY 2021 funds). However, waiver requests may be considered and approved. Requests should be submitted to the program managers listed in Part VII of this RFA, who will provide the required format for requesting carryover of excess (>50%) funds.

E. Other Submission Requirements

You should follow the submission requirements noted in Part III of the NIFA Grants.gov Application Guide.

For information about the status of a submitted application, see Part III, Section 6 of the NIFA Grants.gov Application Guide.

Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM) – each applicant (unless excepted under 2 CFR § 25.110(b) or (c), or has an exception approved by the federal awarding agency under 2 CFR § 25.110(d)) is required to:

- a. be registered in SAM before submitting its application;
- b. provide a valid DUNS number in its application; and
- c. continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency.

If you have not complied with all applicable DUNS and SAM requirements you may be considered unqualified to receive an award.

Your SAM registration information determines your organization ID in the ezFedGrants system, and the information must match your ASAP recipient DUNS and EIN.

PART V—APPLICATION REVIEW REQUIREMENTS

A. General

NIFA will review submitted documents to determine if all program, financial, and administrative requirements are met and are current.

B. Organizational Management Information

Specific applicant organizational management information shall be submitted on a one-time basis, with updates submitted as needed. If this information has not been submitted under this or another NIFA program, it is the responsibility of the organization to do so for determination of eligibility prior to the award of a grant identified under this RFA.

We will provide you the forms to fulfill these requirements as part of the pre-award process. Although an applicant may be eligible, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination an applicant is not responsible based on submitted organizational management information).

PART VI—AWARD ADMINISTRATION

A. General

Within the limit of funds available for such purpose, the NIFA awarding official shall make grants to those responsible, eligible applicants.

B. Award Notice

The notice of federal award is the authorizing document. The award document contains award provisions and other pertinent information. See [Notice of Award](#) for further details.

C. Administrative and National Policy Requirements

Several federal statutes and regulations apply to grant applications considered for review and to project grants awarded under this program. These may include, but are not limited to, those listed at [USDA/NIFA Federal Regulations](#).

NIFA Federal Assistance Policy Guide—a compendium of basic NIFA policies and procedures applying to all NIFA awards, unless there are statutory, regulatory, or award-specific requirements to the contrary, is available at the [USDA/NIFA Policy Guide](#).

D. Expected Program Outputs and Reporting Requirements

Recipients have an approved 5-year project in REEport and are to provide an Annual Report comprised of 3 parts:

1. Progress Report (by fiscal year), in REEport. The progress report should include program outputs and outcomes that correspond to the RREA strategic issues included in the recipient's REEport project. Significant outputs and outcomes from emergent program offerings should also be included in the Annual Progress Report;
2. National Quantitative Indicators (fillable form provided to RREA Project Directors by RREA Program Leader); and 3) one-page Popular Report (format provided to RREA Project Directors by RREA Program Leader).

The following is a description of financial data reporting requirements through the REEport system (<https://portal.nifa.usda.gov/>), as well as the SF-425 reporting requirements.

3. A Project Financial Report must be submitted to NIFA through REEport annually for all eligible projects from the preceding fiscal year. A Project Financial Report is also required for expenditures on all state projects to be included in the non-federal funds and matching funds computation. Reports shall be made on the federal fiscal year basis.

Financial reporting via the SF-425, Federal Financial Report for FY 2021 is due within the ezFedGrants portal, no later than Dec. 31, 2021, for the period of performance Oct. 1, 2020, through September 30, 2021, and annually thereafter until the award is closed. Information on how to access the ezFedGrants portal can be found under the training on the ezFedGrants page [ezFedGrants \(eFG\) Grants and Agreements System](#)

See <https://www.nifa.usda.gov/program/renewable-resources-extension-act-capacity-grant> for additional details of annual, final technical, and financial reporting requirements. Instructions for using the REEport system are included on the NIFA web site at: [REEport Resources-Land Grant Partners](#).
