EXECUTIVE SUMMARY: NIFA requests applications for the Cooperative Extension Programs at 1862 Land-Grant Institutions (Smith-Lever Special Needs) for fiscal year (FY) 2020 to support extension activities identified in the eligible institution's approved pre-existing five-year plan of work (POW). **Smith-Lever Special Needs (SLSN)** funds are allocated to a State Cooperative Extension Service to fulfill a purpose not normally a part of the continuing extension program.

This RFA is being released prior to the passage of the FY 2020 appropriations bill therefore, enactment of continuing resolutions (CR) or an Appropriations Act may affect the availability or level of funding for this program. The amount available for support of this program in FY 2019 was \$1,029,979. Appendix A of this RFA includes specific distributions from Fiscal Year 2019. Subject to any 2020 CR and the availability of funds, distributions will be made to the institutions quarterly, dependent on the applicant having met the previous year's reporting requirements. Any adjustments to the allocation listed in Appendix A will be made once the FY 2020 appropriations are finalized and will be reflected in the fourth quarter. Part III, B, identifies if matching is a requirement and, if so, you should pay particular attention to the matching instructions included in Part IV, B, 4.

This notice identifies the objectives for SLSN project/program, the eligibility criteria for projects/program and applicants, and the application forms and associated instructions you need to apply for a SLSN grant.

What's new for 2020?

1. NIFA is providing updated information on the applicability of the 5 percent retirement cap to capacity programs listed in section 251(f)(1) of the Department of Agriculture Reorganization Act of 1994, 7 USC 6971(f)(1). This information applies to FY 20 awards and forward; it is NOT retroactive. The authority to pay for the retirement of land-grant college employees is found in 7 USC 331. NIFA's Office of General Counsel has advised that based on the language and legislative history associated with 7 U.S.C. 331, Section 331 applies to Acts supplementary to the First Morrill Act and to programs authorized under authorities that specifically provide for the application of section 331. Therefore, the 5% retirement cap applies to Smith-Lever, Smith Lever special needs, DC PERA, Hatch, 1890 Extension, 1890 research, and Animal Health grants. This includes these grants in Puerto Rico, US Virgin Islands, Guam, American Samoa, Northern Marianas, and Micronesia. *The retirement cap does NOT apply to the following programs: McIntire Stennis, 1890 Facilities, RREA, EFNEP, and Tribal College Endowment.*
2. NIFA's Office of Grants and Financial Management, Office of Information Technology, and Data Governance Working Group worked on a pilot initiative to better identify and track institutions and associated departments that receive capacity awards. As part of the pilot, NIFA provided guidance in the form of additional columns in the capacity RFA appendices to specify information we require each applicant to enter into the Legal Name, Organizational DUNS, and Department Name fields of the SF-424. If changes have occurred to this information, please contact NIFA as soon as possible to discuss options to minimize potential issues and delays.
3. Felony Convictions or Tax Delinquent Status- See Part V, Section 4.12 of the NIFA Grants.gov Application Guide for instructions regarding mandatory Felony Convictions or Tax Delinquent Status. For Capacity programs, this mandatory information must be included in the Attachment Form.
4. All Standard Form (SF)-425 Federal Financial Reports for the awards (not the project financial reports that are submitted in REEport), whether annual or final, will be due December 29 each year. Most programs already have this requirement, but it was decided that all programs will follow this practice. This change took effect for the FY 2017 awards.

Annual and final report templates are made available in the ezFedGrants portal on October 1 for all capacity agreements. Recipients will submit the SF-425 directly in the portal. Detailed instructions on the submission of SF-425s can be found under the training tab on the [ezFedGrants page](#).
5. ezFedGrants is the USDA solution for grants management. NIFA will publish RFAs on its website and Grants.gov. You will continue to apply through Grants.gov and your applications will automatically be downloaded into ezFedGrants.
6. Matching Funds-If matching funds are required as specified under Part III, B. Cost-Sharing or Matching, the matching is an eligibility criteria and grantees must include and attach a

PDF document identifying the non-federal source of match documentation with the application. We will consider this documentation when ascertaining final matching requirements or in determining if required matching can be waived. NIFA retains the right to make final determinations regarding matching requirements.

- a. The matching documentation must include the non-federal sources (specify whether the source is 3rd party, cash, state or non-state, county or non-tax and the amount for each source) and amount of all matching support including matching from outside the applicant institution and place that information in PDF format (see Part III, Section 3. of the guide for attachment requirements) and include as a separate attachment to the Attachment Form.
- b. Establish the value of applicant contributions in accordance with applicable cost principles. Refer to 2 CFR Part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards”, for further guidance and other requirements relating to matching and allowable costs.

1890’s and 1862’s in insular areas must follow the requirements in the recently updated [7 CFR 3419: Matching Funds requirements for Agricultural research and extension capacity funds at 1890 land-grant institutions, including Central State University, Tuskegee University, and West Virginia State University, and at 1862 land-grant institutions in insular areas](#). This Final Rule was published on May 11, 2018.

7. FY 2016 Appropriations Act Funding under Grants and Cooperative Agreements with Entities Requiring Certain Internal Confidentiality Agreements— Public Law 114-113 prevents the Federal Government from making grants or cooperative agreements to entities requiring employees or contractors to sign nondisclosure agreements or statements prohibiting them from reporting waste, fraud or abuse to an investigative or law enforcement representative of the Federal Government. Information related to the questions on this and other assurances on the SF 424 R&R Cover Sheet form is dealt with in detail in Part V, 2. of the NIFA Grants.gov Application Guide. See Section 2.18 of the NIFA Application Guide which provides that the applicant’s electronic signature on the SF-424 affirms its agreement with Federal representations and assurances (e.g., Prohibition against FY 2016 Appropriations Act Funding under Grants and Cooperative Agreements with Entities Requiring Certain Internal Confidentiality Agreements...)

PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

Section 3 (b) (1) and 8 of the Smith-Lever Act provides the basis of funding for special needs agricultural extension programs at 1862 Land-Grant institutions.

Funds are allocated under this program to a State Cooperative Extension Service to fulfill a purpose or overcome a condition peculiar to the State, as compared to the country as a whole, or for a purpose not normally a part of the continuing extension program.

B. Purpose

The purpose of this capacity grants program is to increase the level of agricultural extension activities and reach out to limited resource farm families that are at a disadvantage as far as agricultural development that are too small, have low productivity, or are unable to make adjustments to establish profitable operations or profitable employment. The purpose of the Smith-Lever Special Needs (SLSN) is to support innovative, education-based approaches to addressing extension education and services to these limited resource farm families to help them achieve desirable results. Methods may include, but are not limited to, collaboration with other organizations, appraising resources for capability of improvement in agriculture or introduction of industry designed to supplement farm income, other new farming ventures or new technologies. The SLSN aligns with the [USDA Strategic Goals # 4](#): Facilitate Rural Prosperity and Economic Development.

PART II—AWARD INFORMATION

A. Available Funding

Subject to any 2020 CR, NIFA will distribute funds to the institutions quarterly and according to the amounts allocated in FY 2019. NIFA will make adjustments to the allocations for FY 2020 once the FY 2020 appropriations are finalized. Appendix A amounts are estimates from last Fiscal Year. The final amounts will be updated during the last quarter. The amount available for support of this program in FY 2019 was \$1,029,979.

USDA is not committed to fund any particular application or to make a specific number of awards. The [Automated Standard Application for Payments](#), operated by the Department of Treasury, Bureau of Fiscal Service, is the designated payment system for awards resulting from this RFA.

Workers' Compensation Payments on Behalf of Former Schedule A CES Agents at 1862 Institutions

With the exception of disability claims filed with OWCP prior to May 13, 2002, payments to Department of Labor's (DOL) Federal Office of Workers' Compensation Programs (OWCP) on behalf of former Schedule A CES agents are not authorized. NIFA no longer provides a separate allocation of funds for the retirement of former Schedule A employees and, therefore, does not have a mechanism for deducting OWCP charges from CSRS and FERS allocations. NIFA now pays the workers' compensation benefits of the former Schedule A employees directly to OWCP and will charge the 1862 institution by reducing its annual allocation under the Smith-Lever section (b) and (c) statutory formula. Questions regarding OWCP charges and deductions associated with these charges should be directed to Brenda Barnett (Brenda.barnett@usda.gov), 202-401-6520.)

B. Type of Application

Applications for FY 2020 are limited to "new" applications. This is an application not previously submitted to the SLSN program.

PART III—ELIGIBILITY INFORMATION

A. Eligible Applicants

Applications may only be submitted by the following 1862 Land-grant Institutions:

1. University of Alaska-Fairbanks,
2. University of Arizona,
3. Colorado State University,
4. University of Idaho,
5. Kansas State University,
6. Montana State University,
7. University of Nebraska,
8. University of Nevada-Reno,
9. New Mexico State University,
10. North Dakota State University,
11. Oregon State University,
12. South Dakota State University,
13. Texas A&M University,
14. Utah State University,
15. University of Vermont, and
16. University of Wyoming.

Award recipients may subcontract to organizations not eligible to apply provided the subcontracts are necessary for the conduct of the project. Failure to meet an eligibility criterion by the time of application deadline may result in the application being excluded from consideration, or, even though an application may have been reviewed, will preclude NIFA from making an award.

B. Cost Sharing or Matching

1862 Land-Grant Institutions in the 50 States must match 100 percent of the SLSN funds they receive with funds from non-Federal sources such as State or county appropriations. The matching must be in the form of cash. Matching funds may only be used for extension activities approved in the eligible institution's Five-Year Plan of Work.

Section 3(e)(1) of the Smith-Lever Act (7 U.S.C. §343(e) (1)) states, with regard to institutions in the 50 states, "no allotment shall be made to a State under subsection (b) or (c), and no payments from the allotment shall be made to a State, in excess of the amount that the State makes available out of non-federal funds for cooperative extension work." However, section 3(e)(4) of the Smith-Lever Act (U.S.C. §343(e)(4)) provides that "Effective beginning for fiscal year 2003, in lieu of the matching funds requirement of paragraph (1), the insular areas of [American Samoa,] the Commonwealth of Puerto Rico, Guam, [Micronesia, the Northern Marianas Islands,] and the Virgin Islands of the United States shall provide matching funds from non-federal sources in an amount equal to not less than 50 percent of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section. The Secretary may waive the matching fund requirement [of 50 percent] for any fiscal year if the Secretary determines that the government of the insular area will be unlikely to meet the matching requirement for the fiscal year."

On Friday, May 11, 2018, NIFA published in the Federal Register amendments to 7 CFR 3419: Matching Funds Requirements for Agricultural Research and Extension Capacity Funds at 1890 Land-Grant Institutions, including Central State University, Tuskegee University, and West Virginia State University, and at 1862 Land-grant Institutions in Insular Areas. The revised Final Rule is now in effect. 7 CFR 3419.3, Limited Waiver Authority, and 7 CFR 3419.4, Applications for waivers for both 1890 land-grant intuitions and 1862 land-grant institutions in insular areas, address the criteria an institution must meet to be granted a waiver as well as the process and supporting document required for submitting a waiver.

See Part IV.B.4. for additional information about how to request a waiver.

The matching documentation must include the non-federal sources (specify whether the source is 3rd party, cash, state or non-state, county or non-tax) and amount of all matching support including matching from outside the applicant institution. It must be in PDF format (see Part III, Section 3. of the guide for attachment requirements) and included as a separate attachment to the Attachment Form.

Establish the value of applicant contributions in accordance with applicable cost principles. Refer to 2 CFR Part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards”, for further guidance and other requirements relating to matching and allowable costs.

PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Electronic Application Package

Submit only electronic applications via Grants.gov to NIFA in response to this RFA.

We urge you to submit early to the Grants.gov system. For information about the pre-award phase of the grant lifecycle, see <https://www.grants.gov/web/grants/learn-grants/grants-101/pre-award-phase.html>.

New Users of Grants.gov

Prior to preparing an application, we recommend that the project director/principal investigator (PD/PI) first contact an authorized representative (AR, also referred to as Authorized Organizational Representative or AOR)¹ to determine if the organization is prepared to submit electronic applications through Grants.gov. If not (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), you must complete the one-time registration process PRIOR to submitting an application. The registration process can take as long as two weeks to complete. It is, therefore, critical to begin the process as soon as possible. To register, the AR should select **“Register” in the top right corner of the Grants.gov web page (or go to <https://www.grants.gov/web/grants/register.html>).**

Steps to Obtain Application Package Materials

To receive application materials:

1. You must download and install a version of [Adobe Reader](#) compatible with Grants.gov to access, complete, and submit applications. For basic system requirements and download instructions, see <https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. Grants.gov has a test package that will help you determine whether your version of Adobe Reader is compatible.
2. To obtain the application package from Grants.gov, go to <https://www.grants.gov/web/grants/applicants/download-application-package.html> and enter the funding opportunity number:

Funding Opportunity Number: USDA-NIFA-10511-SLSNXXXX-20-0001

in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package. A Grant Application Package is tied to a particular funding opportunity. Applications must be submitted ONLY to the particular funding opportunity to which the Grant Application Package is associated. The application package also contains the “NIFA Grants.gov Application Guide.” This guide contains an

PART V—APPLICATION REVIEW REQUIREMENTS

A. General

NIFA will review submitted documents to determine if all program, financial, and administrative requirements have been met and are current.

B. Organizational Management Information

Specific management information relating to an applicant shall be submitted on a one-time basis, with updates as-needed. This requirement is part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. We will provide you the forms to fulfill these requirements as part of the pre-award process. Although an applicant may be eligible, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information).

PART VI—AWARD ADMINISTRATION

A. General

Within the limit of funds available for such purpose, the NIFA awarding official shall make grants to those responsible, eligible applicants.

B. Award Notice

The notice of federal award is the authorizing document. The award document contains award provisions and other pertinent information. See Notice of Award section at <https://nifa.usda.gov/wait-notification> for further details.

C. Administrative and National Policy Requirements

Several federal statutes and regulations apply to grant applications considered for review and to project grants awarded under this program. These may include, but are not limited to, those listed at <https://nifa.usda.gov/federal-regulations>.

NIFA Federal Assistance Policy Guide—a compendium of basic NIFA policies and procedures that apply to all NIFA awards, unless there are statutory, regulatory, or award-specific requirements to the contrary, is available at <https://nifa.usda.gov/policy-guide>.

D. Expected Program Outputs and Reporting Requirements

Organizations that receive Smith-Lever 3(b) & (c) funding from National Institute of Food and Agriculture (NIFA), are required to submit the following reports:

- Fiscal Year (FY) 2021 Plan of Work (POW) update and the
- FY 2019 Annual Report of Accomplishments and Results.

The FY 2021 POW update and the FY 2019 Annual Report of Accomplishments and Results will be due by April 1, 2020. These reports should be submitted online through NIFA Reporting Portal - <http://portal.nifa.usda.gov/portal>.
