APPLICATION DEADLINE: August 27, 2018
Stakeholder Input: The National Institute of Food and Agriculture (NIFA) seeks your comments about this RFA. We will consider all comments when we develop the next RFA for the program, if applicable, and we will use the input to meet the requirements of section 103(c)(2) of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) (7 U.S.C. 7613(c)(2)). Submit written stakeholder comments by the deadline set forth in the DATES portion of this notice to policy@nifa.usda.gov. In your comments, state that you are responding to the Joint Cooperative Extension Programs at 1862 Land-Grant Institutions and University of the District of Columbia Public Postsecondary Education Reorganization Act Program RFA.

Executive Summary: NIFA requests applications for both the Cooperative Extension Programs at 1862 Land-Grant Institutions authorized under the Smith-Lever Act section 3(b) and (c) (SLBC) and the University of the District of Columbia Public Postsecondary Education Reorganization Act Program (DCPPERA for fiscal year (FY) 2019 to develop practical applications of research knowledge; instructions and practical demonstrations of existing or improved practices or technologies in agriculture; uses of solar energy with respect to agriculture, home economics, and rural energy; subjects relating to persons not attending or resident in 1862 Land-Grant Institutions; imparting information on those subjects through demonstrations, publications, and otherwise and for the necessary printing and distribution of information in connection with the subjects.

This RFA is being released prior to the passage of the FY 2019 appropriations bill therefore, enactment of continuing resolutions (CR) or an Appropriations Act may affect the availability or level of funding for this program. The amount available for support of this program in FY 2018 was $289,037,617. Appendix A of this RFA includes specific distributions from Fiscal Year 2018. Subject to any 2019 CR and the availability of funds, distributions will be made to the institutions quarterly, dependent on the applicant having met the previous year’s reporting requirements. Any adjustments to the allocation listed in Appendix A will be made once the FY
2019 appropriations are finalized and will be reflected in the fourth quarter. Part III, B, identifies if matching is a requirement and, if so, you should pay particular attention to the matching instructions included in Part IV, B, 4.

This notice identifies the objectives for SLBC and the DCPPERA project/program, the eligibility criteria for projects/program and applicants, and the application forms and associated instructions you need to apply for a SLBC or a DCPPERA grant.
What’s new for Fiscal Year 2019?

- Effective Fiscal Year (FY) 2019, capacity extension programs will see a change in their Catalog of Federal Domestic Assistance (CFDA) number now known as the Assistance Listing. This change is being made to provide individual programs a unique number. The change in numbers will be effective for awards made on or after October 1, 2018; grants awarded prior to FY 2019 grants will retain CFDA Number 10.500 until the grants expire. The memorandum providing background for this change, as well as action steps that need to be taken by NIFA grantees prior to October 1 is available online. If you have questions, please email Ruth Dunmore at rdunmore@nifa.usda.gov.

- NIFA’s Office of Grants and Financial Management, Office of Information Technology, and Data Governance Working Group are working on a pilot initiative to better identify and track institutions and associated departments that receive capacity awards. As part of this pilot, NIFA is providing guidance in the form of additional columns in the capacity RFA appendices to specify information we require each applicant to enter into the Legal Name, Organizational DUNS, and Department Name fields of the SF-424. The information provided is based on applications received in FY 2018 and is intended to streamline award processing through our ezFedGrants system. If changes have occurred to this information, please contact NIFA as soon as possible to discuss options to minimize potential issues and delays.

- **Felony Convictions or Tax Delinquent Status** - See Part V, Section 4.12. of the NIFA Grants.gov Application Guide for instructions regarding mandatory Felony Convictions or Tax Delinquent Status. For Capacity programs, this mandatory information must be included in the Attachment Form.

- **All Standard Form (SF)–425 Federal Financial Reports** for the awards (not the project financial reports that are submitted in REEport), whether annual or final, will be due December 29th each year. Most programs already have this requirement, but it was decided that all programs will follow this practice. This change took effect for the FY 2017 awards.

Annual and final report templates are made available in the ezFedGrants portal on October 1 for all capacity agreements. Recipients will submit the SF-425 directly in the portal. Detailed instructions on the submission of SF-425s in the ezFedGrants portal can be found under the training tab on the ezFedGrants page https://www.nfc.usda.gov/ezFedGrants.

- **ezFedGrants** is the USDA solution for grants management. NIFA will publish RFAs on its website and Grants.gov. You will continue to apply through Grants.gov and your applications will automatically be downloaded into ezFedGrants.

- **Matching Funds** - If matching funds are required as specified under Part III, B. Cost-Sharing or Matching, the matching is an eligibility criteria and grantees must include and
attach a pdf. document identifying the non-federal source of match documentation with the application. We will consider this documentation when ascertaining final matching requirements or in determining if required matching can be waived. NIFA retains the right to make final determinations regarding matching requirements.

- The matching documentation must include the non-federal sources (specify whether the source is 3rd party, cash, state or non-state, county or non-tax and the amount for each source) and amount of all matching support including matching from outside the applicant institution and place that information in PDF format (see Part III, Section 3. of the guide for attachment requirements) and include as a separate attachment to the Attachment Form.

- Establish the value of applicant contributions in accordance with applicable cost principles. Refer to 2 CFR Part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards”, for further guidance and other requirements relating to matching and allowable costs.

1890’s and 1862’s in insular areas must follow the requirements in the recently updated 7 CFR 3419: Matching Funds requirements for Agricultural research and extension capacity funds at 1890 Land-Grant institutions, including Central State University, Tuskegee University, and West Virginia State University, and at 1862 land-grant institutions in insular areas. This Final Rule was published on May 11, 2018.

- FY 2016 Appropriations Act Funding under Grants and Cooperative Agreements with Entities Requiring Certain Internal Confidentiality Agreements—Public Law 114-113 prevents the Federal Government from making grants or cooperative agreements to entities requiring employees or contractors to sign nondisclosure agreements or statements prohibiting them from reporting waste, fraud or abuse to an investigative or law enforcement representative of the Federal Government. Information related to the questions on this and other assurances on the SF 424 R&R Cover Sheet form is dealt with in detail in Part V, 2. of the NIFA Grants.gov Application Guide. See Section 2.18 of the NIFA Application Guide which provides that the applicant’s electronic signature on the SF-424 affirms its agreement with Federal representations and assurances (e.g., Prohibition against FY 16 Appropriations Act Funding under Grants and Cooperative Agreements with Entities Requiring Certain Internal Confidentiality Agreements…)

A. Legislative Authority and Background

Sections 3(b) and 3(c) of the Smith-Lever Act (program referred to SLBC hereafter) provide funding for agricultural extension programs at 1862 Land-Grant institutions.

States are eligible for funds appropriated under this Act according to the following formula: Out of each annual allocation, each State will be entitled to receive a sum of money equal to the sums available from federal cooperative extension funds for the fiscal year 1962, and subject to the same requirements as to furnishing of equivalent sums by the State, except that amounts heretofore made available to the Secretary for allotment on the basis of special needs shall continue to be available for use on the same basis. Further, the University of Guam and the University of the Virgin Islands will receive $100,000 each in addition to the sums appropriated for the several States of the United States and Puerto Rico under the provisions of sections 3(b) and 3(c) of the Smith-Lever Act. Of the remainder so appropriated for each fiscal year 20 per cent will be paid to the several states in equal proportions, 40 per cent will be paid to the several states in the proportion that the rural population of each bears to the total rural population of the several states as determined by the census, and the balance will be paid to the several states in the proportion that the farm population of each bears to the total farm population of the several states as determined by the census. Any appropriation made under sections 3(b) and 3(c) of the Smith-Lever Act will be allotted in the first and succeeding years on the basis of the decennial census current at the time the appropriation is first made, and as to any increase, on the basis of decennial census current at the time such increase is first appropriated.

Sections 208 of the District of Columbia Public Postsecondary Education Reorganization Act provides, in pertinent part, that “[i]n the administration of the Act of May 8, 1914 (7 U.S.C. 341-346, 347a-349) (known as the Smith-Lever Act)... the University [of the District of Columbia] shall be considered to be a university established for the benefit of agriculture and the mechanic arts in accordance with the provisions of the Act of July 2, 1862 (7 U.S.C. 301-305, 307,308); and... the term “State” as used in such Act of May 8, 1914, shall include the District of Columbia, except that the District of Columbia shall not be eligible to receive any sums appropriated under section 3 of such Act.... In lieu of an authorization of appropriations for the District of Columbia under section 3 of such Act of May 8, 1914, there is authorized to be appropriated such sums as may be necessary to provide cooperative agricultural extension work in the District of Columbia under such Act. Any reference in such Act (other than section 3 thereof) to funds appropriated under such Act shall in the case of the District of Columbia be considered a reference to funds appropriated under this subsection.”

Section 7220 of Public Law number 107-171, Farm Security and Rural Investment Act of 2002, dated May 13, 2002, terminated the Schedule A appointment authority of USDA under the Smith-Lever Act, which provided dual State-Federal appointments and certain Federal benefits to Cooperative Extension Service (CES) agents, including the CSRS and FERS Retirement Programs and Federal Employees' Compensation Act (FECA) benefits under the Workers’ Compensation Program. As a result, payments to Department of Labor’s (DOL) Federal Office of Workers’ Compensation Programs (OWCP) on behalf of former Schedule A
CES agents were discontinued, with the exception of disability claims filed with OWCP prior to May 13, 2002.

Beginning in Fiscal Year (FY) 2005, NIFA announced that the separate allocation of funds for the retirement programs would be phased out over a 10-year period. The amount available for these programs was reduced each year by $1,473,658 and the same amount was added to the funds available for distribution under the Smith-Lever Section 3(b) and (c) statutory formula. In addition to retirement funding, funds allocated to the retirement programs were used to pay the 1862 Land-grant institutions’ share of Workers’ Compensation claims directly to OWCP. The final year for separate CSRS allocations was 2015 and the final year for FERS allocations was 2016.

Prior to the termination of the CSRS and FERS Retirement Programs, NIFA paid Workers’ Compensation claims on behalf of the 1862 institution and charged the institution by reducing its annual retirement allocation by the amount remitted to OWCP. If the amount of OWCP claims exceeded the 1862 institution’s annual retirement allocation, NIFA billed the institution for the difference. NIFA is no longer providing a separate allocation of funds for the retirement of former Schedule A employees and, therefore, will not have a mechanism for deducting OWCP charges from CSRS allocations.

Starting in FY 2018, NIFA will continue to pay the Workers’ Compensation benefits of the former Schedule A employees directly to DOL and will charge the 1862 institution by reducing its annual allocation under the Smith-Lever section (b) and (c) statutory formula.

B. Purpose

The purpose of this funding is to conduct cooperative agricultural extension work. The Joint Cooperative Programs at 1862 Land-Grant Institutions and University of the District of Columbia Postsecondary Education Reorganization Act Program aligns with the USDA Strategic Plan for FY 2018-2022, https://www.usda.gov/our-agency/about-usda/strategic-goals as follows:

1. Ensure USDA programs are delivered efficiently, effectively, and with integrity and a focus on customer service;
2. Maximize the ability of American agricultural producers to prosper by feeding and clothing the world;
3. Promote American agricultural products and exports;
4. Facilitate rural prosperity and economic development;
5. Strengthen the stewardship of private lands through technology and research; and
6. Provide all Americans access to a safe, nutritious and secure food supply.
PART II—AWARD INFORMATION

A. Available Funding

Subject to any 2019 CR, NIFA will distribute funds to the institutions quarterly and according to the amounts allocated in FY 2018. NIFA will make adjustments to the allocations for FY 2018 once the FY 2019 appropriations are finalized. Appendix A amounts are estimates from last Fiscal Year. The final amounts will be updated during the last quarter. The amount available for support of this program in FY 2018 was $289,037,617.

The Automated Standard Applications for Payment System (ASAP), operated by the Department of Treasury’s Bureau of the Fiscal Service, will be the payment system for all NIFA grant awards. For more information, see https://www.fiscal.treasury.gov/fsservices/gov/pmt/asap/asap_home.htm.

Workers’ Compensation Payments on Behalf of Former Schedule A CES Agents at 1862 Institutions

Section 7220 of Public Law number 107-171, Farm Security and Rural Investment Act of 2002, dated May 13, 2002, terminated the Schedule A appointment authority of USDA under the Smith-Lever Act, which provided dual State-Federal appointments and certain Federal benefits to Cooperative Extension Service (CES) agents, including the CSRS and FERS Retirement Programs and Federal Employees’ Compensation Act (FECA) benefits under the Workers’ Compensation Program. As a result, payments to Department of Labor’s (DOL) Federal Office of Workers’ Compensation Programs (OWCP) on behalf of former Schedule A CES agents were discontinued, with the exception of disability claims filed with OWCP prior to May 13, 2002.

Beginning in Fiscal Year (FY) 2006, NIFA announced that the separate allocation of funds for the retirement programs would be phased out over a 10-year period. The amount available for these programs was reduced each year by $1,473,658 and the same amount was added to the funds available for distribution under the Smith-Lever Section 3(b) and (c) statutory formula. In addition to retirement funding, funds allocated to the retirement programs were used to pay the 1862 Land-Grant institutions’ share of Workers’ Compensation claims directly to OWCP. The final year for separate CSRS allocations was 2015 and the final year for FERS allocations was 2016.

Prior to the termination of the CSRS and FERS Retirement Programs, NIFA paid Workers’ Compensation claims on behalf of the 1862 institution and charged the institution by reducing its annual retirement allocation by the amount remitted to OWCP. If the amount of OWCP claims exceeded the 1862 institution’s annual retirement allocation, NIFA billed the institution for the difference. NIFA is no longer providing a separate allocation of funds for the retirement of former Schedule A employees and, therefore, will not have a mechanism for deducting OWCP charges from CSRS allocations. Starting in FY 2018, NIFA will continue to pay the Workers’ Compensation benefits of the former Schedule A employees directly to OWCP and will charge the 1862 institution by reducing its annual allocation under the Smith-Lever section (b) and (c) statutory formula.

Questions regarding OWCP charges and deductions associated with these charges should be directed to Brenda Barnett (Bbarnett@nifa.usda.gov, 202-401-6520.)
B. Type of Application

In FY 2019, submit applications to the SLBC and DCPPERA Program as a “new” application.
PART III—ELIGIBILITY INFORMATION

For the SLBC RFA applications may only be submitted by the following 1862 Land-Grant Institutions: Auburn University, University of Alaska-Fairbanks, American Samoa Community College, University of Arizona, University of Arkansas, University of California, Colorado State University, University of Connecticut, University of Delaware, University of Florida, University of Georgia, University of Guam, University of Hawaii, University of Idaho, University of Illinois, Purdue University, Iowa State University, Kansas State University, University of Kentucky, Louisiana State University, University of Maine, University of Maryland-College Park, University of Massachusetts, Michigan State University, College of Micronesia, University of Minnesota, Mississippi State University, University of Missouri, Montana State University, University of Nebraska, University of Nevada-Reno, University of New Hampshire, Rutgers University, New Mexico State University, Cornell University, North Carolina State University, North Dakota State University, Northern Marianas College, Ohio State University, Oklahoma State University, Oregon State University, Pennsylvania State University, University of Puerto Rico, University of Rhode Island, Clemson University, South Dakota State University, University of Tennessee, Texas A & M University, Utah State University, University of Vermont, Virginia Polytechnic Institute & State University, University of the Virgin Islands, Washington State University, West Virginia University, University of Wisconsin, and University of Wyoming.

Award recipients may subcontract to organizations not eligible to apply provided the subcontracts are necessary for the conduct of the project. Failure to meet an eligibility criterion by the time of application deadline may result in the application being excluded from consideration, or, even though an application may have been reviewed, will preclude NIFA from making an award.

B. Cost Sharing or Matching

1862 Land-Grant Institutions in the 50 States must match 100 percent of the SLSN funds they receive with funds from non-Federal sources such as State or county appropriations. The matching must be in the form of cash. Matching funds may only be used for extension activities approved in the eligible institution’s Five-Year Plan of Work.

Section 3(e)(1) of the Smith-Lever Act (7 U.S.C. §343(e) (1)) states, with regard to institutions in the 50 states, “no allotment shall be made to a State under subsection (b) or (c), and no payments from the allotment shall be made to a State, in excess of the amount that the State makes available out of non-federal funds for cooperative extension work.” However, section 3(e)(4) of the Smith-Lever Act (U.S.C. §343(e)(4)) provides that “Effective beginning for fiscal year 2003, in lieu of the matching funds requirement of paragraph (1), the insular areas of [American Samoa,] the Commonwealth of Puerto Rico, Guam, [Micronesia, the Northern Marians Islands,] and the Virgin Islands of the United States shall provide matching funds from non-federal sources in an amount equal to not less than 50
percent of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section... The Secretary may waive the matching fund requirement [of 50 percent] for any fiscal year if the Secretary determines that the government of the insular area will be unlikely to meet the matching requirement for the fiscal year.” On Friday, May 11, 2018, NIFA published in the Federal Register amendments to 7 CFR 3419: Matching Funds Requirements for Agricultural Research and Extension Capacity Funds at 1890 Land-Grant Institutions, including Central State University, Tuskegee University, and West Virginia State University, and at 1862 Land-grant Institutions in Insular Areas. The revised Final Rule is now in effect. 7 CFR 3419.3, Limited Waiver Authority, and 7 CFR 3419.4, Applications for waivers for both 1890 land-grant intuitions and 1862 land-grant institutions in insular areas, address the criteria an institution must meet to be granted a waiver as well as the process and supporting document required for submitting a waiver.

See Part IV.B.4. for additional information about how to request a waiver.

The matching documentation must include the non-federal sources (specify whether the source is 3rd party, cash, state or non-state, county or non-tax) and amount of all matching support including matching from outside the applicant institution. It must be in PDF format (see Part III, Section 3. of the guide for attachment requirements) and included as a separate attachment to the Attachment Form.

Establish the value of applicant contributions in accordance with applicable cost principles. Refer to 2 CFR Part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards”, for further guidance and other requirements relating to matching and allowable costs.
PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Electronic Application Package

Submit only electronic applications via Grants.gov to NIFA in response to this RFA. We urge you to submit early to the Grants.gov system. For information about the pre-award phase of the grant lifecycle, see https://www.grants.gov/web/grants/learn-grants/grants-101/pre-award-phase.html.

New Users of Grants.gov

Prior to preparing an application, we recommend that the project director/principal investigator (PD/PI) first contact an authorized representative (AR, also referred to as Authorized Organizational Representative or AOR)\(^1\) to determine if the organization is prepared to submit electronic applications through Grants.gov. If not (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), you must complete the one-time registration process PRIOR to submitting an application. The registration process can take as long as two weeks to complete. It is, therefore, critical to begin the process as soon as possible. To register, the AR should select “Register” in the top right corner of the Grants.gov web page (or go to https://www.grants.gov/web/grants/register.html).

Steps to Obtain Application Package Materials

To receive application materials:

1. You must download and install a version of Adobe Reader compatible with Grants.gov to access, complete, and submit applications. For basic system requirements and download instructions, see https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. Grants.gov has a test package that will help you determine whether your version of Adobe Reader is compatible.

2. To obtain the application package from Grants.gov, go to https://www.grants.gov/web/grants/applicants/download-application-package.html and enter the funding opportunity number:

   in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package. A Grant Application Package is tied to a particular funding opportunity. Applications must be submitted ONLY to the particular funding opportunity to which the Grant Application Package is associated. The application package also contains the “NIFA Grants.gov Application Guide.” This guide contains an introduction and general Grants.gov instructions, additional information about the Grants.gov

\(^1\)The Authorized Representative (AR) must have the authority to represent and bind the organization for any agreement (i.e., the individual who is authorized to commit the awardee’s time and other resources to the project, to commit the awardee to comply with the terms and conditions of the award instrument including those set out herein, and to otherwise act for or on behalf of the awardee institution or organization).

Note the attachment requirements (e.g., PDF) in Part III, Section 3 of the guide. ANY PROPOSALS THAT ARE NON-COMPLIANT WITH THE REQUIREMENTS (e.g., content format, PDF file format, file name restrictions, and no password protected files) WILL BE AT RISK OF BEING EXCLUDED FROM NIFA REVIEW. Partial applications will be excluded from NIFA review. We will accept subsequent submissions of an application until the established deadline in the RFA (see Part V, 2.1 of the NIFA Grants.gov Application Guide for further information).

(a) a request to waive matching requirements under this RFA that includes the name of the eligible institution and the type of Federal capacity funds (i.e. research, extension, Hatch, Smith-Lever);
(b) a statement of the fiscal year(s) for which the waiver is requested;
(c) a statement of the exact dollar amount of waiver being requested by fiscal year and how the amount was computed (by matching fund category);
(d) a statement of why the waiver is requested that uses the criteria listed in the revised Final Rule 7 CFR 3419.3: impacts from natural disaster, flood, fire, tornado, hurricane, or drought;
state and/or institution facing financial crisis; or lack of matching funds after demonstration of good faith efforts to obtain funds;
(e) documentation supporting the need for a waiver. Documentation must be current, within the past two years from the date of the letter requesting the waiver; and
(f) the university’s efforts to meet future matching needs.

The documentation must include the university’s approved budget for the program for both the current and previous budget cycles. It may also submit items such as a statement from the State asserting what portion of the required match amount the State contribution to the institution will cover, a schedule of projected cash flows showing what portion of the matching funds the university will have available or other documents such as letters from State or institution budget personnel or newspaper articles. Newspaper articles may be provided as supporting documentation, but will not be considered as primary supporting documentation. In requesting the waiver, the institution must consider the availability of all permissible forms of matching in detail.

C. Submission Dates and Times

Instructions for submitting an application are included in Part IV, Section 1.9 of the NIFA Grants.gov Application Guide.

Applications must be received by Grants.gov by 5 p.m. Eastern Time on August 27, 2018. Applications received after this deadline will normally not be considered for funding.

In case of trouble submitting an application to Grants.gov, you should FIRST contact the Grants.gov Help Desk to resolve any problems. Keep a record of any such correspondence. See Part IV, A for Grants.gov contact information.

Once NIFA accepts your application, you may check the status of your application in the ezFedGrants portal or by looking in Grants.gov. Please refer to the training tab on the ezFedGrants page to learn how to access ezFedGrants: https://www.nfc.usda.gov/ezFedGrants.

If you are not able to validate that NIFA received your application by September 3, 2018, contact the Agency Administrative Contact identified in Part VII of this RFA. Failure to do so may result in the application not being processed and funding being held. You should cite your Grants.gov tracking number on all inquiries until an award number is assigned.

D. Funding Restrictions

(1) Program and Extension Activities:
Smith-Lever Act sections 3(b) and 3(c) federal funding may only be used for extension programs and an activity identified in the institution’s approved Five-Year Plan of Work (POW).
(2) Indirect Costs and Tuition Remission:

In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as Sections 3(b) and 3(c) of the Smith-Lever Act formula grant expenditures.

(3) Matching:
See Part III, B. for additional information.

E. Other Submission Requirements

You should follow the submission requirements noted in Part IV, Section 1.9 of the NIFA Grants.gov Application Guide.

For information about the status of a submitted application, see Part III, Section 6 of the NIFA Grants.gov Application Guide.

**Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM)** – each applicant (unless excepted under 2 CFR § 25.110(b) or (c), or has an exception approved by the federal awarding agency under 2 CFR § 25.110(d)) is required to:

- be registered in SAM before submitting its application;
- (ii) provide a valid DUNS number in its application; and
- (iii) continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency.

If you have not complied with all applicable DUNS and SAM requirements you may be considered unqualified to receive an award.

Your SAM registration information determines your organization ID in the ezFedGrants system and the information must match your ASAP recipient DUNS and EIN.
PART V—APPLICATION REVIEW REQUIREMENTS

A. General

NIFA will review submitted documents to determine if all program, financial, and administrative requirements have been met and are current.

B. Organizational Management Information

Specific management information relating to an applicant shall be submitted on a one-time basis, with updates as-needed. This requirement is part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. We will provide you the forms to fulfill these requirements as part of the pre-award process. Although an applicant may be eligible, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information).
PART VI—AWARD ADMINISTRATION

A. General

Within the limit of funds available for such purpose, the NIFA awarding official shall make grants to those responsible, eligible applicants.

B. Award Notice

The notice of federal award is the authorizing document. The award document contains award provisions and other pertinent information. See Notice of Award section at https://nifa.usda.gov/wait-notification for further details.

C. Administrative and National Policy Requirements

Several federal statutes and regulations apply to grant applications considered for review and to project grants awarded under this program. These may include, but are not limited to, those listed at https://nifa.usda.gov/federal-regulations

NIFA Federal Assistance Policy Guide—a compendium of basic NIFA policies and procedures that apply to all NIFA awards, unless there are statutory, regulatory, or award-specific requirements to the contrary, is available at https://nifa.usda.gov/policy-guide.

D. Expected Program Outputs and Reporting Requirements

The Plan of Work (POW) Update for FYs 2019-2023 is suspended, however the Annual Report of Accomplishments and Results for FY 2019 is due by April 1, 2020. These reports should be submitted online through the NIFA Reporting Portal at the web address https://portal.nifa.usda.gov/portal. Additional information about the POW is available at https://nifa.usda.gov/tool/pow.

Financial reporting via the SF-425, Federal Financial Report for FY 2019 is due to the ezFedGrants portal, on December 30, 2019, for the period October 1, 2018, through September 30, 2019, and annually thereafter until the award is closed out. Information on how to access the ezFedGrants portal can be found under the training on the ezFedGrants page https://www.nfc.usda.gov/ezFedGrants.
