PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Background

Land-grant universities have conducted EFNEP since 1969 and SNAP-Ed (a.k.a. the Family Nutrition Program and Food Stamp Nutrition Education) since 1987. Land-grant universities are the sole implementer of EFNEP and the primary implementer of SNAP-Ed. These programs represent a significant source of funding and programming for Cooperative Extension land-grant university partners and are the primary means by which land-grant universities deliver low-income nutrition education in communities. For more than half of states, the same individuals provide leadership to both programs which presents unique challenges and opportunities, since the programs are administered by two different agencies within USDA, NIFA and FNS (Food and Nutrition Service), respectively.

NIFA has worked closely with university partners to strengthen both programs across the land-grant university system. ECOP (Extension Committee on Organization and Policy) leadership has requested NIFA's assistance in better aligning and raising the visibility of EFNEP and SNAP-Ed through the land-grant university system given the importance of these programs to the Cooperative Extension mission.

The **Aligning/Elevating University-Based Low-Income Nutrition Education** RFA directly aligns with the Research, Education, and Economics Action Plan (http://www.ree.usda.gov/ree/news/USDA_REE_Action_Plan_02-2012_2.pdf) and specifically addresses Goal 4, Nutrition and Childhood Obesity by *strengthening established strategic partnerships and strengthening implementation practices to encourage healthy eating and physical activity at the individual and community levels, focusing on high-risk groups.*

B. Purpose and Priorities

A cooperative agreement is planned to facilitate a more coordinated, system-wide approach for low-income nutrition education through the land-grant university system, one which respects necessary differences in programs, incorporates their respective strengths, and leads to increased visibility and involvement of the land-grant university system and its funders to address the health needs of vulnerable populations.

Expected deliverables of the project include:

- Holding a face-to-face meeting near the beginning of the project to help inform the discussion. Senior leadership from both NIFA and FNS would be invited, as would ECOP chairs/in-coming chairs, and ECOP executive leadership members. Regional university representatives would also be invited, including select Extension directors/administrators, FCS (Family and Consumer Sciences) leaders, and EFNEP/SNAP-Ed coordinators.
- Conducting an environmental scan of EFNEP and land-grant university SNAP-Ed programs to identify administrative and programmatic similarities and differences, strengths and struggles, opportunities and challenges.
- Convening a working group to examine feedback from the face-to-face meeting and environmental scan, and developing recommendations for working within and across

universities and with federal agencies to represent and strengthen both programs, while staying true to the respective legislation and policies of each.

- Preparing a final report with prioritized recommendations and potential action steps to be shared with NIFA, FNS, ECOP, university administrators, FCS leaders, program coordinators, and others to be determined.
- If funds allow, reporting back to those invited to the initial meeting through a second face-to-face meeting at the end of the project.
- Presenting findings at other meetings, as appropriate.

C. Program Area Description

This is a **one-year project** to be funded at a **maximum of \$50,000** for a cooperative agreement with one land-grant university that has both EFNEP and SNAP-Ed to provide leadership in developing recommendations for a more coordinated, system-wide approach for low-income nutrition education through the land-grant university system, one which respects necessary differences in programs, incorporates their respective strengths, and leads to increased visibility and involvement of the land-grant university system and its funders to address the health needs of vulnerable populations.

PART II—AWARD INFORMATION

A. Available Funding

Applications are being solicited to fund a Cooperative Agreement between NIFA and a land-grant university that conducts EFNEP and SNAP-Ed. NIFA's programmatic leadership for low-income nutrition education will be substantially involved with the grantee through frequent phone and electronic communications. NIFA's role will be to define the charge of the project and then to provide information and guidance as needed to facilitate the grantee's success. There is no commitment by USDA to fund any particular application. Approximately **\$50,000** is available to fund one application in **FY 2012**.

The award issued as a result of this RFA will have designated the Automated Standard Applications for Payment System (ASAP), operated by the Department of Treasury's Financial Management Service, as the payment system for funds. For more information see http://www.nifa.usda.gov/business/method_of_payment.html.

B. Types of Applications

In **FY 2012**, all applications should be submitted to the **Aligning/Elevating University-Based Low-Income Nutrition Education** Project as a **new application**:

(1) **New application**. This is a project application that has not been previously submitted to the **Aligning/Elevating University-Based Low-Income Nutrition Education** Project. All new applications will be reviewed competitively using the selection process and evaluation criteria described in Part V—Application Review Requirements.

PART III—ELIGIBILITY INFORMATION

A. Eligible Applicants

Applications may be submitted by land-grant colleges and universities that have both EFNEP and SNAP-Ed Programs. Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project. An applicant's failure to meet an eligibility criterion by the time of an application deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award.

B. Cost Sharing or Matching

NIFA does not require matching support for this program and matching resources will not be factored into the review process as evaluation criteria.

PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Electronic Application Package

Only electronic applications may be submitted via Grants.gov to NIFA in response to this RFA. **Applicants are advised to submit early to the Grants.gov system.**

New Users of Grants.gov

Prior to preparing an application, it is suggested that the PD/PI first contact an Authorized Representative (AR; also referred to as Authorized Organizational Representative or AOR) to determine if the organization is prepared to submit electronic applications through Grant.gov. If the organization is not prepared (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), then the one-time registration process must be completed PRIOR to submitting an application. It can take as much as two weeks to complete the registration process so it is critical to begin as soon as possible. In such situations the AR should go to **“Get Registered” on the Grants.gov left navigation bar (or go to http://www.grants.gov/applicants/get_registered.jsp) for information on registering the institution/organization with Grants.gov. A quick reference guide listing the steps is available as a 4-page PDF document at the following website: <http://www.grants.gov/assets/Grants.govRegistrationBrochure.pdf>.** Item 2. below mentions the “NIFA Grants.gov Application Guide.” Part II.1. of the NIFA Grants.gov Application Guide contains additional explanatory language regarding the registration process.

Steps to Obtain Application Package Materials

The steps to access application materials are as follows:

1. In order to access, complete and submit applications, applicants must download and install a version of Adobe Reader compatible with Grants.gov. This software is essential to apply for NIFA Federal assistance awards. For basic system requirements and download instructions, please see http://www.grants.gov/help/download_software.jsp. To verify that you have a compatible version of Adobe Reader, Grants.gov established a test package that will assist you in making that determination. Grants.gov Adobe Versioning Test Package: <http://www.grants.gov/applicants/AdobeVersioningTestOnly.jsp>.
2. The application package must be obtained via Grants.gov, go to <http://www.grants.gov>, click on “Apply for Grants” in the left-hand column, click on **“Step 1: Download a Grant Application Package and Instructions,”** enter the funding opportunity number **USDA-NIFA-EXCA-003872** in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package.

Contained within the application package is the “NIFA Grants.gov Application Guide: A Guide for Preparation and Submission of NIFA Applications via Grants.gov.” This Guide contains an introduction and general Grants.gov instructions, information about how to use a Grant Application Package in Grants.gov, and instructions on how to complete the application forms.

If assistance is needed to access the application package (e.g., downloading or navigating Adobe forms), **or submitting the application** then refer to resources available on the Grants.gov Web site first (<http://www.grants.gov/>). Grants.gov assistance is also available as follows:

B. Content and Form of Application Submission

Electronic applications should be prepared following Parts V and VI of the document entitled “A Guide for Preparation and Submission of NIFA Applications via Grants.gov.” This guide is part of the corresponding application package (see Section A. of this Part). The following is **additional information** needed in order to prepare an application in response to this RFA. **If there is discrepancy between the two documents, the information contained in this RFA is overriding.**

Note the attachment requirements (e.g., portable document format) in Part III section 3. of the Guide. **ANY PROPOSALS THAT ARE NON-COMPLIANT WITH THE REQUIREMENTS (i.e., content format, pdf file format, file name restrictions, and no password protected files) WILL BE AT RISK OF BEING EXCLUDED FROM NIFA REVIEW.** Partial applications will be excluded from NIFA review. With documented prior approval, subsequent submissions of an application will be accepted until close of business on the closing date in the RFA.

If you do not own PDF-generating software, Grants.gov provides online tools to assist applicants. Users will find a link to “Convert Documents to PDF” on http://grants.gov/help/download_software.jsp#pdf_conversion_programs.

NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information).

PART VIII—OTHER INFORMATION

A. Access to Review Information

Copies of reviews, not including the identity of reviewers, and a summary of the reviewer comments will be sent to the applicant PD after the review process has been completed.

B. Use of Funds; Changes

1. Delegation of Fiscal Responsibility

Unless the terms and conditions of the award state otherwise, the awardee may not in whole or in part delegate or transfer to another person, institution, or organization the responsibility for use or expenditure of award funds.

2. Changes in Project Plans

a. The permissible changes by the awardee, PD(s), or other key project personnel in the approved project shall be limited to changes in methodology, techniques, or other similar aspects of the project to expedite achievement of the project's approved goals. If the awardee or the PD(s) is uncertain as to whether a change complies with this provision, the question must be referred to the Authorized Departmental Officer (ADO) for a final determination. The ADO is the signatory of the award document, not the program contact.

b. Changes in approved goals or objectives shall be requested by the awardee and approved in writing by the ADO prior to effecting such changes. In no event shall requests for such changes be approved which are outside the scope of the original approved project.

c. Changes in approved project leadership or the replacement or reassignment of other key project personnel shall be requested by the awardee and approved in writing by the ADO prior to effecting such changes.

d. Transfers of actual performance of the substantive programmatic work in whole or in part and provisions for payment of funds, whether or not Federal funds are involved, shall be requested by the awardee and approved in writing by the ADO prior to effecting such transfers, unless prescribed otherwise in the terms and conditions of the award.

e. The project period may be extended by NIFA without additional financial support, for such additional period(s) as the ADO determines may be necessary to complete or fulfill the purposes of an approved project, but in no case shall the total project period exceed any applicable statutory limit or expiring appropriation limitation. Any extension of time shall be conditioned upon prior request by the awardee and approval in writing by the ADO, unless prescribed otherwise in the terms and conditions of award.

f. Changes in Approved Budget: Unless stated otherwise in the terms and conditions of award, changes in an approved budget must be requested by the awardee and approved in writing by the

ADO prior to instituting such changes, if the revision will involve transfers or expenditures of amounts requiring prior approval as set forth in the applicable Federal cost principles, Departmental regulations, or award.

C. Confidential Aspects of Applications and Awards

When an application results in an award, it becomes a part of the record of NIFA transactions, available to the public upon specific request. Information that the Secretary determines to be of a confidential, privileged, or proprietary nature will be held in confidence to the extent permitted by law. Therefore, any information that the applicant wishes to have considered as confidential, privileged, or proprietary should be clearly marked within the application. The original copy of an application that does not result in an award will be retained by the Agency for a period of three years. Other copies will be destroyed. Such an application will be released only with the consent of the applicant or to the extent required by law. An application may be withdrawn at any time prior to the final action thereon.
